Sir,

Referring again to your letter dated the 5th of May last, giving notice of your intention to apply for patent for ~~his~~ your homestead, part of Section 2, Township 7, Range 1, W.5th M., I am directed to say that the Commissioner is informed you cannot have more than just commenced the performance of your duties.

It appears that you squatted some years ago on land which was not open for homestead entry, and that you did so knowing that such land was reserved, and in direct opposition to warnings from the officials of the Department. Subsequently, however, the reserve was withdrawn from a part of the lands in question and you were given permission to homestead the North half of legal Subdivisions 6,7 and 8, the South half of South half of legal Subdivision 11, and all that part of the North East quarter of Section 2, Township 7, Range 1, W.5th M. lying East and South of the South Fork of the Old Man's River, which you did on or about the 3rd of May last. Under these circumstances you will perceive that you cannot possibly be entitled at present to make a plication for patent. The land upon whidh you squatted and erected your buildings is not included in your homestead entry, and the time you resided there cannot be credited to you; moreover, your entry having been made subsequent

To

The Hon.The Minister of Interior

Sir,

I respectfully beg you to allow me back time on my homestead.The N.1/2 of L.S.6-7-8 the S. 1/2 of the S.1/2 of L.S.11,and all that of the N.E.1/4 of the same Sec.(viz.2.Tp.7.R.1.W.5th) lying east and south of the South Fork of the Old Man's River.

For the following reasons I tried to make entry in 1888,and since then I have continuously resided upon said Homestead.In same year I plowed,fenced and cropped 20 acres and continued to do so until now.

On May the 3rd 1894 I succeeded in making entry. Then we came to run the lines we found the buildings a few yards outside. I moved my stables and corrals at once.This past winter I built a new frame house at a cost of $400 a kitchen $40 and storehouse $150.

The buildings before removal were worth $400.It was not my fault that I did not get my entry 3 years ago.The Homestead Inspector advised my writing to you.

Hoping for a favorable reply

I am,Sir,

Your respectful servant

J.A.Armstrong.

Part of L.S.1 North of River and part of L.S.11 South of River except Southerly five chains of Section 2, Tp. 7, Range 1, West of the 5th Meridian.

****

Mr. Burley in his Report No. 385 states that when he visited this land he found a squatter named George F. Buchanan on the South West quarter from whom information is obtained, he also that the North West Government have built a bridge across Hill Men's River on the road allowance between Sections 5 and 35.

Mr. Buchanan's information, which is corroborated by two other persons is to the effect that he purchased the improvements on the South West quarter East of the River and other lands from the estate of Samuel Sharp for $1100. but this includes the North East quarter of Section 31, Township 6, Range 1, West of the 5th Meridian, and Southerly 10 chains of south West quarter section 8, Township 7, Range 1, West of the 5th Meridian ; that he understands that there remained from some action, that he is informed, had possession of the said about 2 years; that there are about 5 acres broken; that there is on L.S.8 in the South West quarter of Section 7 a house 30 x 35 worth at least a similar value: that he has 3 horses, 10 cattle and 4 pigs. He therefore asks for homestead entry.

Mr. F. . Gelsoi, (File No. 1a0333) also applied to Mr. Burley for the parts of L.S. 5, 7, 8, 11, and

and 10, including on the reserve on the ground that he owns the land immediately behind and that this land was really not a stock watering reserve but was reserved in 1884 for a corral at the request of the local stock association.

Mr. Frank Reilly (File 40315) applied on the 5th October, 1900, for that part of the South half of this section lying east of the river, but he has not renewed his application nor submitted no evidence.

The South East quarter, east of the river, applied for by G. A. Buchanan was reserved by Order in Council of the 10th October 1900, as it is very doubtful if even Mr. Hoppe from whom Mr. Buchanan states he purchased was on this land before that date. I think that under the regulations this land should be sold by public competition at an upset price of $3.00 per acre with homestead conditions or at $8.00 per acre without conditions, the section to pay the value of the improvements.

The south portion of Sec. 7, Township 4, part outside Reserve, 1900, was sold on the 21st Nov, 1895, Until the Commissioner sold that portion of S.E.¼, Sec. 7, Tp. 4, R. 21 on I should say by public competition at $3.00 per acre.

Sir,

Your letter dated to-day is duly acknowledged: Evidently Mr Pierre Lalonde must be trying to make trouble for himself; as informed by my letter of the 6th instant his right of cancellation could not be entertained, for reasons given him personally by myself the day before he applied for the cancellation of the same ; reasons given him were that Mr. Joseph Langlais who is the present homesteader of the N.W. 1/4 of 28-50-24, W. 4th M. filed a declaration of his in this office to the effect that he was entitled to homestead patent, and that he would make application for his homestead patent before 1910; said declaration has been forwarded to The Secretary of the Department of the Interior, at Ottawa, Ontario, for their consideration and action, with a request that they would kindly inform of it .

Any further information that I might be able to afford in this matter, I will give them with pleasure .

W. MACDONALD, M. A.
ADVOCATE.
OFFICE: EDMONTON OVER POST OFFICE

Ref. No. 445 .

Oct., 10th .

Dear Mr Turriff,-

A client of mine named Pierre Lalonde applied on 27th September to cancel N. W. 1/4 of 28-50-24,W. 4th M. homesteader's name Joseph Langlais. My information is to the effect that Langlais whose entry was about 5 1/2 years ago has never resided one day upon it, and that the nearest approach to a residence was his living during one winter on the adjoining farm. He has quite a considerable clearing on it and buildings,but has had the work done by others and has rented the place on the halves for several years past.

In conversation with Mr Royal,the acting Agent,after receipt of his letter,copy enclosed,he informs me that Langlais' notice of application sets forth a residence on the property sufficient to entitle him to patent,so that either he or my client is lieing in good earnest. Now I may perhaps be doing Mr Royal an injustice and Mr Coleman the Homestead Inspector as well, but I have reasons to believe that in this case the proof requisite to entitle Langlais to a patent will be forthcoming from his friends,and that Mr Coleman will take the best of care <u>not</u> to apply for information to people known to be at variance with the applicant as he did in poor Wagner's case.

My client states that the facts as claimed by him are matters of notoriety,and can be easily proven if he is afforded a chance of bringing forward witnesses. I would like to have this opportunity given him when Langlais' application goes in,but I do not know how to go about it officially. There does not seem to be

any procedure land down in the Dominion Lands Act, although Section 96 would seem to point to an investigation as to any matter before the Dominion Land[illegible] or a person specially authorized to that effect. Would you kindly inform me how I should proceed to ensure proper investigation. Under 39(a) Langlais' right is liable to forfeiture in the discretion of the Minister .

It seems to me that one who has applied to cancel another's homestead should have ipso facto a position in the matter entitling him to notice of proceedings to obtain patent, so that he could disprove if able the homesteader's evidence. Mr Royal holds that my client's application to cancel cannot be received at all. His words are

"I am sorry that under the present circumstances "that land is not open for cancellation."

If this be so what becomes of the right of any citizen under Sec. 39 to "prove to the satisfaction of the Minister &c..". It goes without saying that the applicant for patent will do all in his power to prove the opposite to the minister, and who has a chance of proving the opposite, unless the probity of the officials is to be absolutely presumed .

Yours very truly ,

Private .

Sir,

I am directed by the Commissioner to acknowledge the receipt of your letter of the 16th instant, No. , in connection with the homestead entry of Simon Gaudet for the S.E. 1/4 of Section 10, Township 1, Range 11, West of the 2nd Meridian, and to inform you that the matter will be investigated by the Dominion Lands Agent for the district in which the land is situated, as soon as practicable.

Should it appear, on the investigation, that the land is not suitable for farming, or that the homesteader is not residing upon it, steps will be taken either to cancel the entry or to have the homesteader required to perform his settlement duties.

Sir,-

S.e.¼ Sec. 19 Tp. 51 Rge. 19 West 4. Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Sir,

Referring to the copy sent me of your letter of the 9th instant addressed to Mr/Hugh Campbell [illegible]. I beg to say that the improvements upon the S. E. I/4 24. [illegible] 19. W. 4. M. have been valued recently at $85.

It is to be feared that young Campbell may, acting upon your suggestion, go in to immediate occupation of the land in question.

If he should do so and if in consequence of his presence there I should refuse any application [illegible] it is probable that he might fail to realise the value of these improvements.

There is serious objection to this manner of holding land.

It seems to be very doubtful if it is "residence" within the meaning of the affidavit of application for entry, the ineligible occupant not being, perhaps, a "person" in the sense of that affidavit.

DOMINION LANDS OFFICE,

Edmonton 10th June, 1898.

Sir,

Referring to your letter of the 30th ult, 406075, I beg to enclose herewith the Inspector's report on the S. E. 1/4 24. 55. 19. W. 4. M. showing the value of the existing improvements to be $165.

In view of this valuation it is necessary for me to withdraw my recommendation of proposal of John Starko, communicated to you on the 30th ultimo.

Mr. Powell called upon me this afternoon in reference to the decision that he shall be required to pay 50 cts per acre rental for the 35 acres which the Inspector's report shows to be under cultivation and which Mr Powell tells me is wholly in crop at an expense to him of not less of $90. for seed and labor.

Mr Powell further states but for the work which he has done 18 out of the 35 acres of cultivation would be absolutely worthless, and 17 acres almost worthless.

He asks me to again represent the case and to beg of you to reconsider a decision which he thinks to be most unjust in view of the fact but for his enterprise the 35 acres which will next fall be of value to the Department as clean stubble, would but for his labor and expenditure, be a absolutely valueless.

DOMINION LANDS OFFICE,

Calgary, April 14th., 1896. 189

Sir,

On the 14th of November 1893, one Joseph Robert Collings made application to cancel the S. W. ¼ of Sec. 4, - Township 21, - Range 3, - West of 5th. Mn. but when same was cancelled, it was withheld from entry until recently.

Mr Collings who has been residing in Calgary ever since, still wishes to get the place, provided he is assured of having Bonus certificate No. A. 39412, cashed, it is dated the 7th of April, 1893, and signed W. Rupell Archer, 70, (Leamington) Regent Street, Rowland, but the certificate on the back is not filled out or signed. He claims that although more than eighteen months have elapsed since date of sailing, that he was prepared to , and applied for entry, before expiration of said term, and is now prepared to effect entry. His contention would appear to have considerable force.

An inspection was made of this land, not at the instance of the applicant, because the case went by default, but at request of the Calgary Irrigation Co. so as to have cancellation carried out, thereby enabling it to secure "Right of Way".

Mr Collings has had considerable hard luck, since coming here, and his eldest son accidentally shot, from which he died.

Please advise me in regard to this, and say whether or not I am to charge an inspection fee in this case?.

I have your letter of the 17th instant, and in reply I am to state that when filing on the above described land as a homestead, on the 11th May, 1898, the applicant stated that the number in his family including himself was four.

Date of entry 6th January, 190[illegible].

I beg to call your attention to the fact that this entry is now over five years old. Please take ordinary cancellation proceedings at once on Form 334 on the ground of failure to apply for patent.

Form 333 and the leaflet entitled "Applications for Patent by Persons who are Debarred by Law from Securing Naturalization" should accompany your notice to the entrant on Form 334.

If the entrant files a defence or an application for patent, the same should be referred to Head Office, together with any evidence submitted by the applicant regarding naturalization or application made by him for a Certificate in Form K.

On the expiry of 60 days from the date of your notice, if the entrant has not been heard from, an Inspector's report should be ordered.

The Inspector should give full information as to the nature of the land, using the blanks provided in the form of report for that purpose. The fullest possible information should be given in regard to duties and improvements. In case of a pre-emption, it will be necessary to report on the appurtenant homestead as well.

The Inspector should make careful enquiry to find out whether the entrant may possibly be in military service or may be a returned soldier.

If there is some special condition existing which would render it advisable not to dispose of the land in the ordinary way, the report should contain full particulars.

When you receive the Inspector's report you should forward it at once to Head Office for consideration.

A copy of any letter or form issued by you in this case should be forwarded to Head Office in the usual way.

On freighting and that had to use all the horses I could have done to make all the rent on both farms. Father bought my brother and I have half of it, he is living with my brother Thomas & we run it and them keep it. I rented last summer & fall up to Mrs Ed Cameron's for the other half. Last spring my agreement was, that I replace him, last summer I put in 7 acres of fall wheat & in July I went to start ploughing, on a visit, for only a couple days on account of rain, the ground was too wet. The same time, he had to stop me for the same reason. We had to plough over again & I was not the 7 acres the rent I have for my brother, besides I have more than 8 acres which I am obliged to make on my land. But in the spring if I am allowed to keep my land now it is my turn, they are to do for me, what I have done for them. We have it times altogether, and I am all in my favour if I can hold my land.

If you can give me any information being sure that you will take them in consideration, I am sure there is no ill will, but only lack of means.

Hoping that we will be find enough to let me know the result as soon as possible. Yours truly Thomas Nunn on the snow

Sir,

I am directed to inform you that it is observed that the fractional S.E.¼ of Section 3, Township 14, Range 25, West of the 4th Meridian, was marked in error as omesteaded or ~~xxxxxxx~~ otherwise disposed of in the list of lands accepted or rejected sold to the Canadian Pacific Railway Company. The said land is still vacant in the records here, but an application has recently been made to purchase it, and I am to request you to advise the Department whether your Company intends to accept or reject the fractional quarter-section in question.

Referring to your letter of the 10th ultimo, Ref. 35772, enclosing the application of Isaac Simpson to purchase the fractional S.E.¼ and N.E.¼ of Section 3, Township 54, Range 25, West of the 4th Meridian, I am directed to inform you that the S.E.¼ of this section was marked in error as homesteaded or otherwise disposed of in the list of lands accepted or rejected in this District made by the Canadian Pacific Railway Company, and was not, therefore, accepted by the Company. As the said land is vacant it is only fair that the Company should be given the option of accepting or rejecting it, and Mr. Drinkwater has been communicated with accordingly. The fractional N.E.¼ of Section 3 has been accepted by the Company.

[illegible] 26th November, 1904

Sir,

I beg to acknowledge the receipt of your letter of the 14th instant, file 20252, enclosing the application for patent for the North West 1/4 of Section 15, Township 46, Range 22, West Fourth Meridian, and to say that this case has been the subject of some correspondence, and I wrote you fully [illegible] tion over a month ago.

"Mario went to the lumber camps at various [illegible] "where Lyman [illegible] worked and wrote very regularly to his sister. "Then like a man who went to be Mario was found drowned in one "of the rivers south of Calgary. The report was that it "was connected with the custom of landing on the country, "and having no money at the time, and the no story is the "matter. For that time were ceased to write, and heard "no more, and it is generally believed so here." [illegible] Boswell it/[illegible].

"Welcome's friend came down on his knees, "and was [illegible] "that he left the place in a hurry or [illegible] "case." Mrs. Chrisdon replied [illegible] "to Maria was true that I will leave [illegible] sister "[illegible] to see her in it."

The matter was subsequently submitted for the consideration of the Commissioner, and he decided that no action could be taken until definite information was received as to whether Maria was alive, it having been reported that he was dead, and on the other hand that he had left the country [illegible] native [illegible]

justice. Another statement was made to the effect that Mrs. Colman was not his sister, although representing herself as such, and that she had,therefore,no legal claim to the homestead.

If Maria is alive no one can legally apply for a patent on his behalf, and, under the circumstances, the Department would not be justified in disposing of the case whilst any uncertainty remains.

Will you be good enough to place this matter in the hands of the Superintendent Inspector, with the request that he will endeavour by careful enquiry to ascertain the facts, and report them for the information of the Commissioner.

Madam,

I beg to acknowledge the receipt of your letter of the 6th inst., enclosing sworn certificates of birth in reference to your desire to secure a patent for the north east 1/4 of section 2, township 47, range 24, west of the 4th meridian, the homestead of Jean Morin.

As you are aware it was decided not to issue a patent in this case without evidence of the death of the homesteader, and the Agent of Indian Affairs at Edmonton was requested to endeavor to secure the required information. He is being again communicated with on the subject, and as soon as he is heard from the matter will be laid before the Commissioner for consideration.

File No. 406508

M.T. Ottawa 5th June, 1906.

MEMORANDUM:-

This is an old case which the Department has not cared to dispose of.

John Morio homesteaded the North East 1/4 of Section 12, Township 46, Range 25, West of the 4th Meridian, and then disappeared.

I prepared a memorandum on the subject, which you will find below, dated the 27th February, 1901.

The case came up again, and on the 26th of November, 1904, the Agent at Edmonton was written to setting forth how it then stood, but nothing satisfactory has been learned since then, except that Morio was probably an assumed name.

His sister, Mrs. Magualena Schwab, is desirous of obtaining a patent for the land and has made application therefore. But without the evidence of Morio's death it would seem somewhat risky to accept it

I would suggest that possibly the acceptance of the application for patent might be conditional to the filing of letters of Administration. These, I suppose would only be granted by the court on the production of sufficient evidence to presume the death of the homesteader.

Sir,

I have the honour to submit for your consideration the following case in connection with entry of Shoeswood Donaldson for the N.W. ¼ of Sec. 6----45---23 W.. of 4th. M.. who entered for this land as a homestead on the 25th. of July 1894. The homestead duties not having been fulfilled an application was filed on the 29th. of January last to cancel the entry, by one Steve Bormo. The usual notices were is s ued on the 4th. of February.. The case was submitted to the Land Board on the 4th. of March. On the 15th. of that me month word was received back that decision was reserved until the 1st. of May. Upon that day, an application to inspect was filed by Robert Angus on behalf of John Angus. The cancellation of the entry was carried out on the 13th. of August last, under instructions of your letter of the 7th. of that month, No. 335343 on 22708. The first applicant for inspection Steve Bormo was allowed 20 days within which to make entry. Having failed to do so, the second applicant for inspection John Angus was granted the same time by notice He also failed, for the reason that his Agent Robert Angus had not received the Authority from your Office to make entry Notice was sent to him on the 13th. of August. He now claims (his Agent) that sufficient time was not granted to him to obtain authority to enter as Agent. He had the usual 20 days from the 20th. ult. Not having done so, on the 11th. inst. John J. Nix on behalf of Richard Nix, made application for

entry, the land being apparently open for homesteading.
Entry was deferred.

The point to be decided by your office is, whether R Angus has any further claim to the land, he having failed to make the entry within the 20 days allowed him. His excuse is that that he did not receive the notice in time to communicate with John Angus who resides near Ottawa for whom he is acting as Agent.

I think that no consideration should be extended to Angus, He first made entry for this land for a relative in the East, Donaldson on the 25th. of July 1894 The entry was cancelled as above referred to. He next applied applied for entry through inspection, on behalf of another relative, John Angus. He was aware that Donaldson did not intend to settle in this country. I am under the impression that John Angus does not intend to become a settler

It appears that E. Annis, whose homestead is in the vicinity of the land referred to, desires entry for his friends in the East, who do not intend to become settlers, in order that he may have the hay privileges upon the land.

Sir:-

I am in receipt of your letter of the 14th. inst. advising me that my application for a grant of land in the Peace River District has been approved by the Minister of the Interior, and requesting me to forward to you the sum of $10.00 in order that the necessary steps may be taken to issue the Patent. In reply I beg to say that I am prepared to pay the amount as soon as I am informed that the Patent is ready for delivery, and will be glad if you will kindly let me know when this is the case. I may however say that my intention is to settle on the land as soon as possible, and I would like to know if I can obtain the Patent without personally attending at your office. I cannot recommend that this be granted as a homestead to anyone,as it would be impossible for him to make a livelihood on it by agricultural operations; but it might be of some value in connection with Sec.9 to the north and that was the reason why I recommended it should be sold to Messrs.Nanton & Munson or the Calgary & Edmonton Railway Company.

I am to [illegible] your letter of [illegible] from Mr. [illegible] of Wadena, asking if the S.E. qr.sec.4.- 9.- 26.W.4th.M. is open for homestead entry or sale. Sir;-

In reply to yours of the 7th instant Ref. 359.578 and 147.777. It occurs to me that the reasons given by the Agent, that because he has had two applications for the land in question for homestead entry, it must be valuable as such, are such as will not bear close investigation. That it is valuable for some purpose, I will admit: but not as a homestead. A man could not grow enough agricultural products on it to support a cow. I presume, that if there was a vacant lot in Winnipeg which was nothing but a pure gravel bed and title to it could be obtained by complying with the homestead regulations, there would be plenty of applicants for it. Anyone that would desire to acquire it as a homestead would merely live on it, the same as a resident on any town lot of any village or town in the country, he could not make a livelihood out of it. Therefore, I fail to see how any entrant could be considered a homesteader. I would particularly request your attention to my letter of the 7th April 1898. And at that time, if we knew that this quarter section was of any value, it would have been allotted with that given to the claimants of the W.½.of Sec.9 in the rear thereof. The sketch which accompanied the letter alluded to, should be referred to.

Sir:-

Replying to yours of the 20th instant 147,777 and 359,578. The letter of the 7th April 1888 asked for is rather a lengthy one being a report on the dispute between Joseph Monty and A.E.Browning settlers on Sections 8 and 9 - 9 - 26 west 4th Meridian. Your acknowledgement of that report is dated the 25th April 1888 No.100,651 Ref.98,048. You probably will also have a sketch on that file; but I enclose herewith a map of the townsite of Macleod which illustrates what I desire. All of the said quarter section which lies south of the stream running north of lots "G" and "H", is nothing but brush and gravel. During the greater portion of the year it is too wet to grow anything on it and as for the remainder of the season, there is no soil to grow anything on. The portion of the quarter section which is at all cultivable does not exceed four to six acres and that is far from being choice.

CR 31-266577

Sir:-

See your favour of the 6th instant Ref.395.578,147 777 & 98.048. It was nit a case of a dispute between Monty and Browning,which had nothing to do with the entry for Sec. 4; but the boundaries of the land granted them respectively has a very material bearing on the question, Had I had an any idea of Sec.4 being of no value for agricultural purpos -es or had the claimants consilered it such,their respective portions of Nine would have been extended southerly across 4 to the Old Man's River.

I do not see how a man can be a homesteader excepting on agricultural lands and this,certainly, is not. The Act says: ".....privilege of homesteading and pre-emption entry shall only be given apply to surveyed agricultural lands.." and furthver,the homesteader states that he intends to resi- de upon and cultivate the said lands,in his affidavit. That carries with it the idea that the cultivation of it shall be one of his main objects..

In 1882 the Land Board asked a ruling from the departme -ment as to what constituted a homesteader. The reply was " a man who resides on the land and made the cultivation of it his object". Now,I can understand that a man may be a home -steader on land where he could not make his livelihood out of agriculture but by grazing; but I cannot understand a man being a homesteader on land unfit for both pastor al and agr..

~~and agricultural~~ operations, as the word "homesteader" to my mind, conveys the idea of one of these avocations. Again, I take it that the object of the Dominion Lands Regulations is to create settlement. Granting lands such as these for the purpose desired has not that effect. We are merely giving a man a few acres of land for which the Crown receives no return whatever. In other words, a man who would take this ~~section~~ as a homestead, would take up his residence in that neighbourhood, even if he did not get a ~~homestead~~.

Sir:-

See yours of the 6th June Ref:395.578,147.777,etc., When at Macleod about two weeks ago,I made an inspection of that portion of the Section 4 - 9 - 26 west 4th M. lying nort of the Old Man's River. It probably contains in all about 40 or 50 acres of that there is probably some 12 acres that is clear,the rest is covered with small timber. Of the clear portion,there is not one-quater of an acre that is fit for an anything excepting probably an area of 3 or 4 acres which when the river is low might contain some pasture,when the river is high,it is too wet for stock to cross it or graze thereon. Of the timbered portion,probably some 50 per cent might be of value if cleared. Its present value is for stock-shelter purposes and in a country where timbered land is scarce,it would be a shame to allow the same to be depleted of t the timber,if it could readily be prevented. I mentioned the fact that an application had been made to acquire this land to parties in the neighbourhood,and they at once got up a petition,copy of which I enclose,and I think,their request shou should be met. I would further recommend that Mr.Monty be al-

This reservation would be of very considerable value to the villagers residing in West Macleod, for shelter purposes for their cows. It might also be pointed out to Mr. Monty that by reserving this land for public purposes and having it left unenclosed, he would derive the same benefit from it as other people there as stock shelter.

OFFICE OF THE COMMISSIONER OF DOMINION LANDS.

19th June, 1896.

Dear Mr.Burgess,

I should like to have an expression of your views upon a case that has recently come before me. One Joseph Speers, in March last, applied for permission to make homestead entry for the N.W.¼ of Section 4, Township 9, Range 26, W.4. His application was referred to Mr.Pearce as it appeared to come within the Order-in-Council of the 10th January, 1894, relating to quarter-sections lying on both sides of a stream, and as, moreover it occurred to me that it might involve stock-watering interests. Mr.Pearce recommended that the application should be refused as it was impossible for any one to make a living out of the land by agricultural operations, though he pointed out that it might be of value in connection with section 9, to the North, and that it was for this reason he had previously recommended it should be sold to Messrs.Manton and Munson, or the Calgary and Edmonton Railway Company. Accordingly the Agent was instructed to refuse the entry of Mr.Speers.

On the 28th ultimo the Agent at Lethbridge again wrote to me in regard to this land (presumably the Fractional N.W.¼ lying North of the River), saying that Joseph Monty desired to know if it were open to entry or sale, and suggested that as there had now been two applications for it that it must be valuable for some purpose. I accordingly caused a letter to be written to Mr.Pearce upon

A.M.Burgess Esq.,
Deputy Minister of the Interior,
Ottawa, Ontario.

upon the subject, saying that I did not think the Department would be justified in withholding this land any longer provided the entrant would be willing to comply with the requirements of the Act; also that, under the circumstances, I did not consider we should dispose of it to Nanton and Munson, or to the Calgary and Edmonton Railway Company.

Enclos;

Further correspondence passed, and I now enclose copy of Mr.Pearce's letter dated the 9th instant. I do not agree with him in the stand he takes. It seems to me that for the reasons set forth above we should consider an application for entry, or should the land, by reason of its proximity to the Townsite of Macleod, be of special value, we might offer it for sale and call for tenders. I do not, however, see any way to recommending that the land be disposed of as suggested by Mr. Pearce.

Yours truly,

nterior.

LETTER No. 12.142

Sir;-

In reply to your of the 7th inst Ref. 139.578 and 147.777. It occurs to me that the reason [illegible] that because he has had two applications for a certain question for homestead entry, it must be valuable as such, and as he will not come close investigation. That it is valuable for some purpose, I will admit: but not as a homestead. A man could not grow enough agricultural products on it to support a cow. I presume, that if there was a vacant lot in Winnipeg which was nothing but a pure gravel bed and title to it could be obtained by complying with the homestead regulations, there would be plenty of applicants for it. And one that could desire to acquire it as a homestead would merely live on it the same as a resident of any lot of any village or town in the country, he could not make a livelihood out of it. Therefore, I fail to see how any one could be considered a homesteader. I would particularly direct your attention to my letter of the 7th April 1888. When I at that time considered that this quarter section was of any value, it would have been allotted with a view to the claimants of the W.½ of Sec.9 in the year thereof. The sketch which accompanied the letter alluded to, should be referred to.

Sir:-

I have the honour to refer to your letter No.476.872 regarding the claims of the Standard Coal Co. to portion of Sec.4-6-4 west 4th lying north of the Old Man's River. If this section had been vacant, as it was before, it would have been applied for by Messrs. Ontz and Browning, claimants to Sec.5 to the north of it; but with the establishment of West Macleod Station on Section 3,6-4 one would pre-empt this section as a gift. The next application which I have on record here was one from the Bosqui Syndicate to pre-empt the N.W.¼ of this section. In the 23rd April last Mr. Bosqui wrote the Commissioner that Mr. Young had applied for this quarter section, and he feared to think that because an application was made for the land, it would necessarily follow that it was of a nature suitable for homesteading. My views on that head are fully expressed in mine of the 12th June, copy enclosed. On the 24th July an application was made to have this land reserved for stock-watering purposes, which I also reported on. I enclose copy of my report and of the petition in the matter.

The advisability of selling apart the portion of Section 4, Township 9, Range 26 along the North of Old Nanaimo River was under consideration; but from your report to the Commissioner of the 30th of July last with respect to this land, it is evident that it would not be of sufficient value to compensate the School Endowment for the of the 25 acres before referred to.

Sir,

I am directed to report in a letter the instructions which were given to you by telegram of to-day's date, namely to make no disposition of that part of the North West quarter of Section 4, Township [illegible], Range [illegible], Mer. of the [illegible] Meridian, which lies to the [illegible] of Gila Bend's River and which contains an area of about 87 Acres, until you have been authorized to do so by this office.

From correspondence on file here it appears that several applications have been made for this land. I am to request you to report all material facts concerning it which appear in your office or on file in your office, or in your records, and also to state whether you know of any reason why the land should not be disposed of.

DOMINION LANDS OFFICE,

Lethbridge, 14th. May. 1898. 189

Sir:-

In reply to your letter of the 12th. inst. No. 468888. Ref 406872. regarding the N. ½ Sec: 4 - 9 - 26. W.4th.M. lying North of Old Man's river, I beg to inform you that according to the records of this office the first application for the land in question, was received from Mr. Joseph Speers, on the 30th. March 1896. this application having been referred to the Supt. of Mines, he replied as follows:" I cannot recommend that it is "be granted as a homestead to any one as it would be impossible "for it to take a livelihood on it by agricultural operations."

The second application for the land was received from Mr. Joseph Monty, on the 26th. April 1896, he applied to enter as a homestead, or purchase the land.

The third and last application for the land was made by Mr Wm. Mc.Clintock, on the 5th. May. 1896.

These several applications were referred to the Commissioner of Dominion Lands, as required. I am not aware of any reason why the land should not be disposed of.

I am, Sir,

Your obedient servant.

The Secretary

Department of the Interior.

Ottawa. Ont.

Ottawa, 6th September, 1893.

Sir,

Upon the 4th April last Mrs. Joseph Monty called upon me with regard to several applications which her husband Mr. Joseph Monty had made to be allowed to purchase all that part of the North West quarter of Section 4, Township 9, Range 25 West of the 4th Meridian which lies to the North of Old Man's River and which contains an area of about 57 acres, and renewed such application stating that this land adjoined other land which belonged to her husband ; that it was not valuable land being covered with low brush and small timber ; that it was made a camping ground by tramps who stole poultry and other property belonging to her or her husband, and that it was of more value to her husband than to any one else.

As the records of the Department confirm Mrs Monty's statements as to the position and value of the land, you were instructed, by telegram on the 12th May last to make no disposition of this land, and in reply to the Assistant Secretary's letter of that date you reported that according to the records of your office these applications had been made with

- regard -

W.F. Cottingham, Esq.,
Agent of Dominion Lands,

regard to this land, the first on the 20th March, 1908, by Mr. Joseph Speers, the second by Mr. Monty on the 8th April 1908, and the third by Mr. William McClintock on the 14th May, 1908.

The application which Mr. Speers made was one to homestead the whole north East quarter of section 4, and as it was divided by the Old Man's River, and was also reported to be unsuitable for agricultural operations, Mr. Speers' application was refused. Consequently, as Mr. McClintock's application was made after Mr. Monty's first application, Mr. Monty's application to purchase that part of the quarter-section above mentioned is the only one which calls for consideration, and it appears by the records here that Mr. Monty applied for it at the time fix claim to part of section 4 in the same township and of the adjoining section 5 were also applied for. His application would have included almost all the cultivated from Mr. Speer

In his last Mr. Lees, in his letter of Nov. 4th, 1910, on the 14th of June last, after careful consideration of all aspects of the question, I have arrived at the conclusion - if I may express my opinion - which does exists to the sale of this land to Mr. Monty by the allotment value to settlers in the neighborhood and residents of Fort Macleod as a shelter for their cattle, and as a way to the waters of Old Man's River. A copy of a petition which was made in July, 1908, by Mr. J.T.

- Farmers -

Richards and nine others, to reserve the land for the above purpose, and eventually for park, is enclosed herewith. It is to be returned with your reply to this letter.

Mrs Monty represented to me that this petition was not worth consideration. I desire your views upon that point, as otherwise I consider the land may be sold to Mr. Monty at a price not less than $3 per acre and not more than $5. Upon this point I also desire your opinion. It may be necessary for you to obtain the report of a Homestead Inspector with regard to the value of the land and whether it should be held for the purposes mentioned in the petition. If so, you are authorized to have that action taken.

Mr. Monty has been furnished with a copy of this letter.

Mr. Hospel Monty applied to purchase two pieces of land containing six acres and twenty-five acres, respectively, in Sections 10 and 4 adjoining land previously purchased by him from the Department; and was told that his application could not be granted as he had already purchased Dominion Lands to the extent allowed by law.

Mrs. Monty now asks that the land applied for be sold to her, as it is required in connection with their ranche. She also requests that the patent for Time-sale 3068, covering 57 acres of the land purchased by her husband be issued in her name and that of her husband.

The sketch hereunder shows bordered red the land already sold to Mr. Monty, and bordered blue the parcels applied for.

Madam,

I am directed to acknowledge the receipt of your letter of the 3rd ultimo, and in reply to say that your application to purchase the fractional N. E. ¼ of Section 4, Township 9, Range 29, West of the 4th Meridian, north of Old Man River, containing 15 acres, at the current rate of $5 per acre has been allowed, and payment should be made within thirty days to the Agent of Dominion Lands at Lethbridge, to whom a copy of this letter is being sent, for his information.

Your application to be permitted to purchase the fractional portion of the N. W. ¼ of Section 10 in the said township north of the river, containing six acres, cannot, however, be entertained; and, before your request that the patent be issued in your name and that of your husband for the fractional N. W. ¼ of the said Section 4, containing 37 acres, which stands as a sale in your husband's name can be acceded to, it will be necessary for him to file here an assignment from him in your favour of a half interest in the property, together with an abstract of title to date and the other documents specified in the copy of the circular letter sent you herewith, and to remit a registration fee of $2.00.

Memorandum.

Please see my memorandum of the 28th ultimo to the Commissioner and the sketch thereunder, respecting Mrs. Monty's application to purchase two pieces of land adjoining the land now owned by her and her husband.

She was permitted to acquire the 25 acres bordered blue on the sketch, but her application for the 6 acres, also shown bordered blue, was refused.

She again writes asking that her application for the latter parcel of land be reconsidered, stating that while it would be a great convenience to them in connection with their ranche, it is of no use to any other person, and, in support of this latter statement, she calls attention to the signature of Mr. W. I beg to recommend that her application for the 6 acres in question be granted.

The additional $3.00 was remitted in your letter of 15th December, and I now enclose herewith second cheque No.1403, in favour of Mr. Elliott. INTERIOR
...

Sir,

I beg to acknowledge the receipt of your letter of the 23rd of January last, enclosing the certificate of title of part of the westerly 25 chains of the East ½ of Section 4, Township 3, Range 26, West of the 4th Meridian, lying East and South of the river excepting 15 acres in the North East ¼ lying North of the river, East of the C.P.L., and West of the S.E.R., also excepting the railway of the C.P.R.

You ask for an explanation of the difficulty which has arisen in connection with the application for patent of Mr. George Elliott for the westerly 15 chains of the East ½ of the section mentioned.

In reply I am to say that the enclosed copy of a letter, dated the 25th of January, 1907, written to Mr. Elliott, setting forth the reasons why his application for patent has not been accepted.

Encl.

You will see that he made entry in March, 1904, at which date he was the registered part owner of the land, certificate of title of which you enclosed a ~~copy~~, and continued there until the 6th of August 1904.

Mr. McKenzie, Esq.,
Macleod, Alta.

1904. This period he was entitled to count as residence in connection with his homestead, but this privilege ceased when, on the latter date,(8th Aug.,1904) he sold his interest to his son, J.W. Elliott.

He is evidently under the impression that he can count the time from the commencement of his ownership; but I am to point out that the Department does not recognize residence on purchased land prior to the date of homestead entry.

There has been considerable correspondence on the subject with Mr. Elliott, who does not appear to realize that it will be necessary to perform the duties as provided by the Act; but it is hoped that this additional information may enable you to place the matter clearly before him.

Secretary.

[redacted]

Gentlemen,

I am to acknowledge the receipt of your letter of the 11th instant, in which you point out that the homestead entry of Mr. George Elliott may be forfeited in spite of the fact that he has, in the 4th quarter of section 4, township 7, range 24, west of the 4th meridian now in the East of Lethbridge, Alta., and there this will probably change the decision of the Department that no one but Mr. Elliott is entitled to apply for patent.

This would appear to be correct, though it is for the Minister of the Interior personally to say in the last resort, this; but it is reasonable that some opinion should be expressed by Mr. Elliott, before any step is taken in the matter.

If Mr. George Elliott will now appear with his witnesses before the Local Agent, or Sub-Agent, or Dominion Lands Agent, with his witnesses, and make application for patent, his case will receive consideration.

If he would prefer to have the Dominion Lands Agent call upon him and take his evidence, the necessary instructions will be sent by the Agent at Lethbridge, on his notifying this office to that effect.

MEMORANDUM:-

The portion of the north-east quarter of sec. 4-9-26-W. 4th, north of the Oldman River, was patented to Mr. Monty under sale No. 14211 and the portion of the north-west quarter, north of the river is also patented to him under a time sale.

He has now written complaining that the river has changed its course and causing him to lose a lot of land in that portion of the north-east quarter and asks that he be compensated by getting an equivalent.

He also applies to purchase the difference in area in the north-west quarter caused by the changing of the river's course.

The lands which were patented to him are indicated on sketch A herewith and the changed position of the river is shown in red on the sketch marked B, which is obtained from a plan furnished by him.

As this plan is not a plan of survey under the instructions from the Surveyor General, it is not possible to define the true areas of the land as at present existing and the Surveyor General has reported in a memorandum of the 21st April, 1911, on file 98231 A, that it would be necessary to make a traverse of the whole river in this township and that as the original monuments ~~are~~ have probably disappeared, it would be necessary to re-establish the boundaries affecting patented lands under the provisions

provisions of section 58 of the Dominion Lands Surveys Act.

As regards the north-west quarter of the section, I presume that Mr. Monty has become the owner of the increased area of the land north of the river under riparian proprietorship.

We have inserted on the sketch section number "4" containing [illegible] acres which we formerly held. Will you kindly advise us whether any patent was ever issued by the Department covering this particular section as if it should however who intended that part of the section lying to the east and east of the Elbow River would be entitled to the northwest portion marked "A".

Sir,

Referring to your letter of the 3rd July last, I am directed to say that the parcel marked "A" on the sketch accompanying your letter has not been disposed of. The Department has recently been informed that the river has changed its course at this point and that now there is no island as shown on the plan, and no action can be taken towards disposing of the ...portion of the quarter section until a new survey has been made.

It might be that the north-east quarter of section 4, township 5, range 25, west of the 4th meridian, has been disposed of to three different parties in three different patents, and when the new survey is completed, if such survey should show that the portions which were formerly covered by the waters of ...River, and the portion which was shown as an island are now joined to the remainder of the quarter section and are entirely free from water, the disposition of this portion would be considered.

Dear Sirs,

Re File 44067 J. P. Muldoon

We are in receipt of your letter of October 26th, advising us that it is the intention of the Department to reserve that portion of the Elk River which lies in Section 4-9-3- [illegible] which lies in Section 4-9-3- [illegible] ment of the 4th, now occupied by J. P. Muldoon, but since we are act- ing. I might say that Mr. Muldoon, when purchasing the property from the original homesteader, was under the impression that the island referred to was part of the farm purchased, although the title he received covered all the land in the section lying south of the right bank of the Elk River and he had occupied and made [illegible] on the island for farm purposes, as was possible.

On account of the fact that the river really never [illegible] dried through that portion of its course lying between the river and the south portion of the Section, it was reasonable for the owners to suppose that they were the owners of the land. You might let me know if the Department, on the

Sir,

See yours of the 14th of April last, 355133, Ref. 143828, N. W. ¼ 16. 21. 3, W. of 5th M.

John McKinnon came to Alberta in August, 1883, from Montana, where he had resided from 1881, lived in Michigan from 1879 to 1881, prior to that lived in Glengarry, Ont., of which he is a native. He took as homestead the N. E. ¼ 34. 20 29, W. of 4th Mm. in Sept., 1884, and desired to pre-empt the S. E. ¼, but that was entered in the name of John McCaig of Quebec, one of those settlers to be brought in by Colonel Barwis; McKinnon subsequently in Oct. had Barwis withdraw McCaig's right to the S.E.¼, and the question arose, whether a pre-emption entry could then be granted, it was decided by the Commissioner of Dominion Lands that it could not be pre-empted, but a sale at $2.50 per acre, ¼ cash, balance, 1, 2 and 3 years, six per cent interest. McKinnon then decided as he could not obtain water on the N.E.¼ and could on the S.E.¼, to homestead the latter and purchase the former and applied for permission so to do, which was granted, and entries completed in Dec. 1884, he applied for and obtained his patent in 1886. A. W. Frazer had a homestead on the same Sec., and Frazer and McKinnon have been working together ever since. McKinnon homesteaded and pre-empted the South ½ of same Sec. on the 2nd of Sep. 1889. They have lived and worked together, and three years ago bought 400 acres, portion of Sections 5, 7 and 8, south of the North Fork of Sheep Creek, in Tp. 21, R. 2, W. of the 5th M. and were the first to engage in irrigation, and have now about 300 acres irrigated and McKinnon has been residing on it since Sept. 1894. In the summer of 1888, he lived about six months on his present homestead though he says he neglected to state so when he applied for patent. His reason for not living on his place was partly owing to the difficulty of obtaining water, and Frazer being a married man, and McKinnon a batchelor, I have no doubt it was more comfortable, as well as convenient, to do as he did. McKinnon and Frazer have together about 250 head of cattle, and about 18 of horses. Their improvements other than their irrigation ditch on the portions of 5, 7 & 8, 21. 2, W. of the 5th are estimated by them to be worth $1500. McKinnon sold his first homestead, but his purchase he still owns, and owing to the dry seasons is unsaleable at present.

It will be seen they both are first class settlers It would be worse than useless, both to his own and the public interest, to compel him to break the necessary 40 acres. He could grow nothing on it and the pasturage would be weeds for some years. Now the question is can anything be done for the. In consideration of their irrigation enterprise would it be possible to sell him the ½ Section at less than the regulation price, or at least the homestead at say $1.00 an acre. It may be under

proposed

proposed scheme to encourage irrigation by disposing of the public lands on liberal terms as encouragement to same, and on which some progress has been made, these parties' case can be favourably met, but it is usually very difficult to frame general regulations safeguarded as they should be which will admit special cases such as this.

I have thought it well to submit all the facts hoping that you may see some way to meet this case favourable to the applicants.

Sir,

Referring to the letter from the Agent at Calgary, dated the 3rd instant, No.20555 on 21895, setting forth the circumstances affecting the homestead of John McKinnon for the N.W.¼ of Section 16, Township 21, Range 3 W.5th M. (a copy of which has been forwarded to you) the Commissioner directs me to say that in view of the particulars therein disclosed he is of opinion that this is a case in which the Department might well make some concession, and the Commissioner suggests that Mr.McKinnon be informed that he will be allowed to purchase the land at the rate of $1 per acre, though he does not think this privilege can be made to include the entire half-section which stands in his name.

It will be observed that Mr.McKinnon took up the land under sub-clause 6 of clause 38, but owing to its character he has refrained from attempting to bring the necessary 40 acres under cultivation, claiming that to do so would spoil it entirely as a farm. Mr.Pearce deals fully with this point, and the Commissioner thinks his representations are well worthy of consideration. Sir,

In reply to your letter of the 17th ultimo, No. 30172B, Fcr. 14362B, I am directed to inform you that the Deputy Minister does not think that the John McVicar case is one in which Council could be asked to reduce the price to $1.00 per acre as this is not a case where, although the homestead conditions have been fulfilled, a technical defect stands in the way of issuing homestead patent. McVicar entered for his homestead under the 'two mile regime' system but apparently has never resided on or cultivated the land, that is, he has performed absolutely no homestead duties on his land whatsoever. The Deputy Minister wishes the Commissioner to consider this case again from this point of view but thinks that the best that can be done for McVicar under the circumstances is to cancel his entries and the half-section can sell him the land at the existing rate.

"I concur generally in the view expressed therein and took same position when application was made and on several occasions afterwards, but in view of the fact that the land is unfit for cultivation and that as the applicant did not sleep on land but says he was on it during the day time and in this way making it his home coupled with the strong representation made on his behalf by Pearce and Dennis I decided to ask the Minister to consider the application with a view to a sale at $1.00 but I am not disposed to press the matter as the fault is really McKinnon's for which we are in no way responsible."

To Hon. Frank Oliver,

Dear Sir,

I made application in January last for a patent for my homestead, N. W. Qr. Sec. 16, Tp. 21, Rg. 3, W. 5 M. and the Commissioner has not seen fit so far to grant it for the reason he says that I have not lived on it the time required by law. I wish to explain to you that I was working in partnership with another man and we lived together for economy sake on his homestead the quarter part of the time and because it was there I had to get my water supply when I did live on my own homestead but I did live continuously on it for about two years and all the time I was living with my partner on the adjoining Qr. about four years more was working and improving my own homestead. It is now almost impossible for me to live on it at present for want of water supply and other reasons which I have tried to explain to the Commissioner.

I take the liberty of writing you as you will understand it better than anyone else. If you could bring it before the Department and bring any influence to bear you will confer a favour.

Dear Sir/-

I enclose herewith a letter from J. McK[illegible], Alberta asking for a patent for the North west quarter of Section 16, township [illegible], range 2, West 5th Meridian. The objection to the patent being granted to him is that he has not completed his residence on the land. He claims that he has been prevented from doing so by reason of the lack of water supply there. While I understand thoroughly that the letter of the law does not permit the granting of patent to Mr. McKinnon under present circumstances, I would like to say that the question of requiring residence in all cases where there is not a sufficient water supply, is, it appears to me, of sufficient importance throughout a great part of the southern territories to warrant the deviation from the present law in accordance with some well defined policy, based on the conditions as they exist.

In the meantime I would respectfully ask that Mr.

McKinnon be protected in his interest by being given leave of absence for a reasonable time, [illegible] expenses. This question is one which [illegible] a satisfactory way by the [illegible] in a number of cases in western Alberta.

To Commissioner Dominion Lands.

Dear Sir.

Yours received regarding my application or patent for homestead for E½ 11¼ Sec 16-21-3 W 5th Mer. I wish to be allowed to make a further explanation regarding said application about the wording I wish to state that I had no intention of evading any part of the act but felling had a good deal to contend with in this country and Mr Fraser and myself being in partnership in stock we lived together for economy sake having the house on his homestead

and the stables etc. on mine and hoped that our applications would be taken on their merits. You will understand that although not actually sleeping on my homestead I was on it and making my home on it every day in the time specified

I suppose if we had built a house just on the line and slept one in each end of it as I have heard of some doing it would have filled the requirements of the act but I think you that we did not intend to hold it the letter of the act we did not do such a thing.

As regards the cultivation, my homestead is decidedly not fit for cultivation as I can easily prove

as I had to cultivate a small piece
on an adjoining quarter for a garden
for vegetables. and had I ever under-
taken farming here I would in
all probability be asking the govt
for seed grain as many have do.
I have had to leave my home-
stead and buy C.P.R. land for it-
self- but for my stock (as I would
still like to hold the homestead
for grazing purposes as I have done
a great deal of work on it.
Only for the "war" I may I would
likely be living on it- now.
~~It~~ I have already purchased and
still hold (at a loss the 1/2 sec

under the circumstances.

If you will tell me what you would like me to do if it is in any way reasonable I will try and comply with your wishes in order to obtain the patent - I want nothing.

Please send price and terms for which I can use which I will do as a permission.

Sir,

In reply to your letter of the 27th ultimo, I am directed to remind you that under the Dominion Lands Act a settler is required to reside upon and cultivate his homestead for six months in each of three years. In a district, however, where the land is good only for grazing, and not suitable for agriculture, the Department will allow stock, and the necessary permanent buildings in connection therewith in place of a portion of the cultivation usually required, but as the Dominion Lands Act expressly states that the Homesteader must cultivate his homestead in addition to residing upon it, there must be some cultivation to make a compliance with the Act. Under the circumstances, it is difficult to see what can be done in the matter. If you would like to purchase the land, and will so advise the Commissioner, he will submit the matter to Head Office for the Minister's consideration

Dear Sir,

Re N½ section 1[illegible], Township 21, Range [illegible], west of the 5th, John McKinnon. Also the S½ of Section 1[illegible], Township 21 Range [illegible] West of the 5th, Alexander Fraser.

These two parties have resided on the land represented since 1908 and 1909 and have made an application for patent. It appears that Mr. McKinnon has never put in actual residence, that is by sleeping on the land. I am well acquainted with the locality myself, and it is not at all fitted for farming purposes and is scarcely suitable for ranching. Both parties have been residents on the homestead of the South half. I understood from these parties that their application for patent has been duly processed and entitled them to. Fraser would break one half or more. This has been done in his case and I [illegible] a Statutory Declaration to that effect.

The Department requires Mr. McKinnon to break 40 acres. From my own personal knowledge I know that 40 acres near the half of it could be broken on the land. If these parties do not get their patent immediately it will be an exceedingly unfortunate thing.

Will you please look into this matter and cause a patent to be issued if at all possible, in both cases.

Sir,

See yours of the 14th of Aprillast,355138, Ref;143828,N. W.¼ 16, - 21, - 3, W. of 5th Mn.

John Mc. Kinnon came to Alberta in August ,1883 from Montana ,where he had resided from 1881,lived in Michigan from 1879 to 1881,prior to that lived in Glengarry ,Ont. of which he is a native. He took as homestead the N.E.¼ 34, - 20, - 29, - W. of 4th Mn. in Sept. 1884,and desired to Pre-empt the S.E.¼ ,but that was entered in the name of John Mc. Caig of Quebec,one of those Settlers to be brought in by Colonel Barwis ;Mc. Kinnon subsequently in Oct. hadBarwis withdraw Mc.Caig's right to the S. E.¼ ,and the question arose ,whether a Pre-emption entry could then be granted,it was decided by the commissioner of Dominion Lands ,that it could not be Pre-empted ,but a sale at $2.50 ,¼ cash ,balance ,1, 2, and 3 years ,six per cent interest. Mc.Kinnon then decided as he could not obtain water on the N. E. ¼ and could on the S. E ¼ ,to homestead the latter ,and purchase the former and applied for permission so to do ,which was granted ,and entries completed in Dec. 1884,he applied for and obtained his Patent in 1886. A. W. Freese had a homestead on the same Sec? ,and Freese and Mc. Kinnon have been working together ever since . Mc. Kinnon Homesteaded and Pre-empted the N.¼ of 16, - 21, - 3, - W. of 5th Mn. on the 25th of Feb. 1888,and Freese Homesteaded and Pre-empted the South ¼ of same Sec. on the 2nd of Sep. 1889. They have lived and worked together ,and three years ago bought 40 0 acres ,portions of Sections 5,7,&8, South of the North Fork of Sheep Creek, in Tp. 21, - R. 2, - W. of the 5th Mn. and were the first to engage in irrigation ,and have now about 300 acres irrigated and Mc. Kinnon has been residing on it since Sept.1894. In the summer of 1888,he lived about six months on his present homestead though he says he neglected to state so when he applied for Patent. His reason for not living on his place was partly owing to the difficulty of obtaining water ,and Freese being a married man ,and Mc. Kinnon a batchelor I have no doubt it was more comfortable as well as convenient to do as he did. Mc.Kinnon and Freese have together about 250 head of Cattle ,and about 18 of Horses Their improvements on the portions of 5, 7, & 8 ,21, - 2, - W. of the 5th are estimated by them to be worth $1500. Mc.Kinnon sold his first Homestead ,but his purchase he still owns, and owing to the dry seasons is unsaleable at present.

It will be seen they both are first class Settlers ' It would be worse than useless ,both to his own, and the public interest to compel him to break the necessary 40 acres ' we could grow nothing on it ,and the pasturage would be weeds for some years. Now the question is can anything be done for them. In consideration of their irrigation enterprise ,would it be possible to sell him the ¼ Section at less than the regulation price ,or

er, at least the Homestead say at $1.oo an acre It may be under proposed scheme to encourage irrigation by dispesing of the public lands on liberal terms as encouragement to same, and on which some progress has been made, these parties case can be favourably met, but it is usually very difficult to frame general regulations, safeg guarded as they should be, which will admit special cases such as this.

I have thought it well to submit all the facts hoping that you may see some way to meet this case favourable to the applicants.

Sir,

I beg to acknowledge the receipt of Mr. Burpe's letter of the 17th ultimo, No. 361723, Ref. 143828, in the matter of John McKinnon's homestead, the North West quarter of Section 16, Township 21, Range 3, West of the 5th Meridian, and to say that, owing to the great pressure of work in the Department, we were unable to reach this case during the time that Mr. Macdonald was head of the Department, but it will be laid before the new Minister at the earliest possible moment.

I have the honour to be,

Sir,

Sir,

In reply to your letter of the 17th ultimo, No. 361723, Ref. 143828, I am directed to inform you that the Deputy Minister does not think that the John McKinnon case is one in which Council could be asked to reduce the price to $1.00 per acre as this is not a case where, although the homestead conditions have been fulfilled, a technical defect stands in the way of issuing homestead patent. McKinnon entered for his homestead under the "two mile radius" system but apparently has neither resided on or cultivated the land, that is, he has performed absolutely no homestead duties on this land whatsoever. The Deputy Minister wishes ~~you~~ to consider this case again from this point of view but thinks that the best that can be done for McKinnon under the circumstances is to cancel his entries to the half-section and sell him the land at the existing rate.

Sir,

In reply to your letter of the 11th instant, I beg to say that it does not appear possible to do anything towards granting you a patent for the N.W.¼ of Section 16, Township 21, Range 3, W.5th M., as the Act does not permit a settler to perform the duties in connection with his homesteaded pre-emption under what is known as the two miles radius clause. He can either reside upon the land which was the subject of his first homestead entry for six months in each of three years, cultivating the second homestead in the meantime to the extent of 40 acres, or live upon the latter and for the same period, when a lesser extent of cultivation would be accepted as satisfactory.

Draft approved

It was suggested that possibly the Department might under the circumstances consent to sell you this land at the minimum price of $1 per acre, but the matter having been laid before the Acting Minister and the Deputy Minister, they have expressed the opinion that sufficient grounds do not exist for granting you this concession.

Sir,

On the 1st September, 1897, the Local Agent was communicated with in regard to the homestead entry of John McKinnon for the N.W. ¼ of 15, 21, 3, W. 5th M. It seems that on the 12th Sept., 1896, the Agent had been instructed to protest Mr. McKinnon's entry until the 1st May following, and the Agent was asked to ascertain whether Mr. McKinnon was then residing upon the land, and if necessary to obtain a report from the Homestead Inspector. It seems you were asked by letter from the Agent, dated 20th January last, the matter having been previously overlooked, to make the necessary inspection and report whether Mr. McKinnon was in residence and performing his duties. The Agent now writes he has not since then heard from you in the matter, and I am to request that you will attend to it as soon as possible.

Sir,

Referring to your letter of the 5th Inst. last, file 21695, I am directed to say that it would appear from the report of Homestead Inspector Thompson dated 11th Aug., that Mr. McKinnon is not fulfilling the duties in connection with his homestead, N.W. ¼ of 16, 21, 3, W. 5th M. The Inspector states Mr. McKinnon has sold the land to one Goodie, but this can hardly be the case as he would have no title to convey. Please have the necessary enquiry made into the matter, as if Mr. McKinnon has no intention of earning patent, the half-section should be made available for settlement.

Sir,

In reply to your letter of the 29th ultimo file No. 21695, I am directed to call your attention to the fact that my letter of the 23rd idem had reference to the N. W. ¼ of 16, 21, 5, West 5th. The N. E. ¼ of this section would seem to have been applied for by Mr. Fred Blackburn, Sen., and if this quarter becomes available his claim is apparently entitled to prior consideration. The intention of my letter above mentioned was to ascertain from Mr. Moodie what his intentions were regarding the N. W. ¼, which he seems to have purchased from Mr. John McKinnon, although the latter has not acquired any rights in the land. Unless you are aware of some reason to the contrary the homestead and pre-omption entries of Mr. McKinnon for the North half of the section mentioned may be cancelled and the land made available for settlement, in which case Mr. Blackburn should be notified regarding the N. W. quarter.

Sir;

Referring to your application to purchase the N. 1/2 of 16 - 21 - 3, west of the 5th, under the irrigation system, be good enough to say in what way you purchased the N.W. 1/4 of the same section from Mr. John McKinnon as the Homestead Inspector stated in a report made some time ago to the Department that you had purchased that particular 1/4 section from Mr. McKinnon. I presume however that you very likely purchased some improvements. nothing more

There is a prior applicant to homestead the N.E.1/4 and should the same be cancelled said prior applicant will be entitled to a prior consideration. Should this 1/4 section be cancelled and the prior applicant obtains homestead entry for same, will you still be willing to purchase the N.W.1/4 under the irrigation system?

I am in receipt of your letter of the 21st inst. re my application to purchase the N.E.1/4 (not N. 1/2 as mentioned in your letter) of 16 - 21 - 3, west of 5th under the irrigation system- I think the Homestead Inspector must have been wrongly informed in stating that I had purchased the N.W.1/4 of the same section. He probably got his information from my man. I certainly did not say so myself.

I would not be willing to purchase the N.W.1/4 as I think it is not possible to irrigate it to any extent besides being covered with brush.

Memorandum.

The homestead and pre-emption entries of John McKinnon for the N. W. ¼ and N. E. ¼, respectively, of Section 16, Township 21, Range 3, West of the 5th Meridian, were cancelled for non-performance of the homestead conditions, and the N. E. ¼ offered to the first applicant, Mr. Fred. B. Senior, who has advised the Department that he does not now wish to homestead the land.

Mr. William Moodie, who is the next applicant, now applies to purchase this latter quarter-quarter-section at $1 an acre under the irrigation system, and, as the land applied for is vacant in the records of the Department, I suppose it may be sold to Mr. Moodie on the terms set forth in the Minister's ruling in regard to lands applied for under the irrigation system (403?50), which are that such lands shall be sold at the regulation price less the cost of the construction of the works to irrigate the land, but not less than $1 per acre, the price of construction to be given by Mr. Dennis.

COMMISSIONER
DOMINION LANDS

Gentlemen

I have the honour to [illegible] 22 January [illegible] transferred to Mr Simpson made a homestead entry on said S.E. ¼ Sec 7 Tp 23 Rge 28 W 1st Mer and is desirous of obtaining a patent for the land. I have also been informed by Mr Simpson that the Price paid for the right to said land was $80.00 dollars cash

as above stated. Mr Simpson has also informed me that he has not been able to obtain a Dominion Land Surveyor to survey the land, but that if the Department will allow him to do so he will employ a Dominion Land Surveyor to survey the land at his own expense. I have also been informed by Mr Simpson that he would like to have the land surveyed as soon as possible, as he is anxious to get his land under cultivation this season. I am also informed by Mr Simpson that he has not been able to obtain the services of a Dominion Land Surveyor to survey the land, as the Surveyors are all engaged in the field. I have also been

will I ever able to get a loan I have Explained
Furthermore if Mr Lucas is back or no sooner as it is
easy for a Man with small means to get under Cultivation
also easy to get Water
I did give up the hope as finding him and Kept
letters [illegible] able up some time place because
the longer I waited work the dearer. I would have to
go Forward my Work so I paid on a Lot in
Township No 12 I found breaking down to the amount
of 7½ Acres and intended to build as in the Land
Board do but it is very unsuitable because it is about
25 Miles away and very bad for me
I am Explaining all this fully so as you can Show
to your Solicitor the [illegible] enabled and what
I owed to them Now I am right to the Location
recently given up by Mr Sims for as I know
it Can be granted with the Land Branch
as they was paid for the right to said land
I have always been under the Impression that
the Homestead Act [illegible] strictly against speculation
of this kind further more if this Act is found
to be as I have stated and that I have right to the land in
question Could I Exchange with the other, I hope this
matter be taken under Consideration and the Land Department
will possibly grant me my right if found to be true We

any additional information regarding
this case I shall gladly forward to your
department for investigation

Yours truly

Dear Sirs:- re Andrew J.Lee to Canada Life.
Fr. N.½ 22-47-23 W.4th.

On searching the title to the above land we find there is registered against it a seed grain lien for: $7.30 and also for $15.60 dated the 1st of April, 1987 and registered in the Land Titles Office at Edmonton on the 10th of March, 1900 under No. 236 Z. Mr. Andrew J.Lee, the present registered owner of the land says he has no information as to how this lien became registered against his land, or to whom it was issued in the first instance, and he considers that the claim, if rightfully registered against his land, must have been settled many years ago.

We would ask you to please look into the matter and advise us if the Lien has been released and if not, what sum is now required to discharge it.

Yours truly,

EMERY, NEWELL, FORD & LINDSAY

Gentlemen,-

Re - Andrew F. Lee.
N½ 22-47-23-W.4th.

I beg to acknowledge the receipt of your letter of the 7th instant, File No. M-28922 having reference to two Liens for $7.30 and $15.60 respectively which appear against the title for the land above described, and which Mr. Andrew F. Lee present owner claims he had no knowledge of.

In reply I beg to advise you I have no record of a Lien for $7.30 affecting title to this land. A former owner for this quarter section, Mr. E. Thompson, however, stood as a surety to two Liens for $7.08 and $15.60 respectively. I, therefore, presume that the amount of $7.30 has been quoted in error and should be $7.08. These Liens I might state have been paid in full and steps are now being taken to remove same from the title to the N½ 22-47-23-W.4th.

You will be further advised in this connection by Mr. H.O. Cote, Controller of Land Patents Branch in the very near future.

Your obedient servant,

P. M archand.

Gentlemen,

Re N.½ 22-47-15-W. 4th M.

With further reference to your letter of the 7th October last, relative to liens for $7.50 and $15.60, respectively, appearing registered against the above described land, I beg to say the records here show that the amount of $15.60 is represented by a bond given by one J. Reid in connection with the N.W.¼ 34-45-10-W. 4th M., and that the amount of $7.50 represents a bond given by C. Bye and that Mr. H. Thompson, a former entrant for this land, signed these two bonds as surety which accounts for their registration against this land.

In this connection I may say that under the authority of an Order-in-Council dated the 16th July, 1900, passed under the provisions of Chapter 16 of the Act 63 - 64 Victoria, all persons who were at that date indebted to the Crown on account of suretiship but not as principals for seed grain were relieved from all such liability, and under that Order-in-Council public notice was issued to all persons whose patents when recorded in the Land Titles Office were accompanied by certificates of liability as surety for seed grain indebtedness and whose duplicate certificates of title had been issued subject to such indebtedness should forward the duplicate certificates of title to the Registrar who had been instructed to amend such certificates of title by removing free of charge the notifications of seed grain liability.

It would, therefore, appear that the duplicate certificate of title in this case had not been forwarded to the Registrar for the necessary action under the Order-in-Council in question. In view of the foregoing it will be necessary, therefore, for you to forward to the Registrar the duplicate certificate of title to this land for amendment accordingly.

I may add that a copy of this letter is being sent to the Registrar at Edmonton, for his information.

Dear Sir:

Re: Andrew E. Lee & Canada Life.
Fr.NE-22-47-23-W.4th.

There are two liens registered against the above land one for $7.30 and the other for $15.60 dated the 1st of April, 1897, and registered in the Land Titles Office at Edmonton on the 10th day of March, 1900, under #236 Z.

These liens we understand have been paid off and we communicated with the Financial Controller of your Department on October last and he informed us under his file #455997 & #406896 that the liens were paid in full and that steps were being taken to have the same removed from the title to the lands and that we would be further advised in this connection by you in the very near future. We have never received any advice and on making enquiry at the Land Titles Office the Registrar advised us that the liens have never been released and are still against the lands. Please let us hear from you.

I beg to inform you that this land has been held for a Mr. Ross, see Commissioner's letter of the 22nd of Oct.1896, No. 371649, Ref; 367288, .On the 16 th of march last, Mr. John Grant McKay (of calgary) who has authority from the Commissioner to make entry for Mr. James Ross Grant, came to this Office and made out an entry paper, which is now on fyle and was prepared to complete same but was unable to do so owing to his not having the declaration regarding the improvements if any, with him ;Mr. Mc. Kay will be asked to day to come forward and complete the entry.

Mr. Whitmore I am inclined to think went on the place before making application to this office, on the advice of some irresponsible party at Innisfail, . As to cost of entry $88.00 , this Office did not get the money, probably his agent at Innisfail did ,whoever applied at this office on behalf of Mr. Whitmore was doubtless informed that the land was being held for another party .

Sir,

I am directed to acknowledge the receipt of your letter of the 2nd instant, and to say that I was in error in stating in my letter of the 20th ultimo that the homestead entry in Mr. J. R. Grant's name for the N.W.¼ of Section 24, Township 31, Range 2, West of the 5th Meridian, had not been completed, as such entry was made on the 7th ultimo and was reported to this Department in the Return from the Agent of Dominion Lands of the 8th of the same month.

Memorandum.

On the7th ultimo Mr. J. Grant MacKay entered on behalf of his grandson, Mr. J.R. Grant, who is at present residing in Inverness, Scotland, for the N.W.¼ of Section 24, Township 34, Range 2, West of the 5th Meridian, and now asks that the time for perfecting his entry be extended, under sub-clause 3 of clause 36 of the Dominion Lands Act, for one year. Mr. MacKay says that this extension of time is applied for in order to enable Mr. Grant to add to his "reserve fund" before starting for the North-West. He also states that a "near relative of the applicant now resident in the neighbour-"hood intends making certain improvements on the homestead "during the summer, so that matters may be well advanced on "the arrival of the new settler."

We have had some recent correspondence with a Mr. B. M. Whitmore, who desires to enter for this quarter-section, and who complains against the same being held for entry for Mr. Grant, and the former is this day being advised, in reply to his last communication, that entry in Mr. Grant's name has been reported. The clause of the Dominion Lands Act above mentioned reads as follows;-

"Provided further, that in the case of immigrants "from elsewhere than the North American continent, the Governor "in Council may extend the time for the perfecting of entry to "twelve months from the date thereof."

I think that, under the circumstances, authority of Council should be asked to grant the extension of time asked for.

Ross has had a good Crop this year of Wheat, oats, Barley and vegetables, samples of all of which he sent me. He expresses himself quite pleased with his prospects and thinks well the Homestead is certainly to come to that district.

If you can kindly Consent to my having made for the young man and reserve his determining residence for some time I shall feel personally much obliged, as they are a very respectable class of people to associate with in acquisition to that quite an acquisition to that part of the Country. I have read over Mr. J. Grant MacKay's reasons in support of Mr. J.R. Grant's application for the protection of his entry for a period of 12 months, and while I have no disposition to do anything which could prevent Mr. Grant from providing means which would enable him to go on his land, I certainly think that the granting of 12 months' leave of absence would be out of the question. I therefore approve of six months' leave in the meantime, and if Mr. Grant is unable to go on his land at the end of that time he might give us further explanations then which would enable us to decide whether he should be granted another extension.

Dear Sir;

As you are aware I made entry of Homestead N. W. ¼ of 2' - 3' , W 5th M., on the 7th of April last for Mr. James Ross Grant now resident in Inverness, Scotland and the above being a cancelled entry the value of improvements $ 15.00 with the usual fee of $ 10.00 were paid at sametime. On applic--ation to the Department an extension of the time for occupation of his homestead has been granted to the 1st of May next. For the information of the Department I am requested to state that Mr. Grant's grandparents, with a younger brother and the pro--spective wife of the new settler are livin in the neighborhood and that during last summer 5 acres of the homestead were put under crop, about 1500 yards of fencing erected, a stable built of logs, 16 x 20 and the logs are now on the ground for building a house. The new homestead is the fourth son of the same family who imigrated to Alberta and there being already several families from the Highlands settled there, they are anxious to form a Highland colony. Young Grant now holds a good situation in Inverness and he is most anxious to earn and save all he possibly can to place him is a good position to stock and cultivate his holding and considering this and the improvements already made and the completion of more during the summer he solicits the favor that the department may be kindly pleased to grant him a further extension of one year before taking actual possession.

I may add that several old settlers in that District have written home encouraging reports to their friends who intend to follow.

Please kindly submit this to your Chief and let me know the result at your early convenience and oblige,

DUPLICATE.

Sir,

Referring to your letter of the 3rd inst., file 18880, will you please assure [illegible] from Mr. J. Grant [illegible] what is the intention to do in the way of taking, care of the improvements upon the homestead of Mr. James E. Grant, the S.W. ¼ of 21, 32, 2, W. 5th M., and whether any additional improvements will be made in the event of the entry being [illegible] cancelled for [illegible] period of one year from the 1st of next. It is [illegible] contrary to the usual practice to grant extensions of time or leave of absence for such entries and purposes. The matter will, however, be submitted for the consideration of the Minister upon receipt of the [illegible] now asked for.

I am, Sir,

Dear Sir;

In reply to your favor of yesterday I beg to state that during the absence of~~his~~ James R. Grant holder of the N. W. ¼ of 21 - 31 - 2, W 5th, his grandfather James Ross, who holds the S. W. ¼ of 30 - 31 - 1, west of the 5th, (about a mile distant,) and with whom is now living a younger brother and~~sister~~, the prospective wife of the new settler will take care of the improvements already made on the Homestead.

Additional improvements in the way of building a good habitable house and a larger area put under crop during the summer will be carried out.

I quite understand that it is contrary to the usual practise to grant extensions for such periods but this is an exceptional case and I can assure the Department that the several reasons stated in my former letter are all bona fide, that the whole family and their connexions are most worthy people, an acquisition to that District, (though I lease ~~of course~~ no relatives of mine) and it will be an act of great kindness on the part of the Minister if he will be pleased to grant a further extension say to the 1st of May, 1899.

Believe me,

Very truly yours,

" J. Grant MacKay "

Sir,

In reply to your letter of the 16th instant, File No. 186 0, I am directed to say that the extension of time asked for on behalf of Mr James R. Grant in connection with his homestead, the N.½ 14 - 34 - 2 W. 5th M., cannot, under the circumstances, be granted. At the same time, in view of the statement made by Mr. Grant, to the effect that Mr Grant's relatives now living in the district, on the land will take all proper steps to homestead and put a crop in this season, [illegible] application [illegible] will be received before the 1st of May, 1906, [illegible] if any person [illegible] will be [illegible]. It is, however, doubtful, if the homestead will be granted [illegible] will be [illegible] Mr. Grant's rights [illegible] disposed.

I beg to return the application for Patent of T. H. It would be necessary, therefore, to obtain a fresh report from the Homestead Inspector, in order that it may be determined whether Mr. Joyce really performed the residence duties upon his land, which, in the face of the evidence of his witnesses, seems to be open to doubt. Sir,

Encl

I beg to return herewith the application for patent of Mr. F.H. Joyce for the S.E.¼ of Section 12, Township 5, Range 20, West 4th Meridian, together with the supplementary statement executed in support thereof, your reference 10625, and I am to point out that the application cannot be submitted in its present state, as in the first place, no accommodation is shewn for the stock, and I would point out that question 14 has not been answered by the witnesses and you will also have to obtain the Homestead Inspector's report in this case which is referred to in the letter to you of the 11th of June last. In this connection I would also refer to the memo, of former Sub-Agent Cox, which accompanied your communication of the 27th of April, 1904, in which memo Mr. Cox stated that the residence was not satisfactory at that time, and the supplementary statement which is now furnished does not throw any light on the matter in this respect.

Sir, Re W. A. 12, 5, 3[illegible]

I beg to advise you that Mr. A. E. Joyce who holds the above land under homestead entry has made application for patent in February, 1904, but in view of a doubt existing as to whether the residence duties had been satisfactorily performed, a supplementary statement was executed in August, 1908. The matter was then submitted to the Department and it was decided that the evidence submitted could not be accepted. Mr. Joyce was then informed of the necessity of executing a fresh supplementary statement, and although he has been occasionally reminded nothing further has been heard from him. The Department are anxious that this matter be disposed of without further delay, and I shall be glad, when you are next in the neighborhood, if you will call upon Mr. Joyce, and if you are satisfied that the necessary settlement and cultivation duties have been properly completed, take a fresh application for patent.

Memorandum

Mr. Hume.

N.E.¼ of 12-5-30-W. 4th Mer.
Homestead of E. H. Joyce.
Granted the 26th June, 1898.
Application for patent made, not recommended.

This is the second application for patent and the first was not accepted owing to the fact that one of the witnesses, Mr. John Kelly was not considered as a satisfactory witness as he was not residing on land in the vicinity, but in the town of Pincher Creek, where he owns a livery stable and transfer business.

In comparing the two applications for patent, I note that there is quite a discrepancy in the amount of cultivation claimed. In the former application, the homesteader claims about 172 acres broken and 40 in crop, nothing claimed since 1913 although the application for patent was executed on the 10th May, 1916.

In the new application for patent, he claims about 222 acres broken and 140 in crop, in 1915, whereas the report of the Inspector dated the 15th April, 1916, only allows credit for 139 acres broken and 44 in crop. There is of course sufficient cultivation in either case, but the difference in the statements in the two applications for patent and the Inspector's report might cast some doubt as to the validity of the other evidence.

I would also ask you to note that both of the witnesses credit the homesteader with residence from May, 1907 continuous to the present date, which is more than he claims himself.

Kindly say whether you will accept this application for patent as satisfactory or whether you consider advisable to have a Homestead Inspector again visit the land and report.

I might state that Inspector Scott's report dated the 15th April, 1916, with respect to residence differs slightly from the residence claimed by Mr. Joyce in his last application for patent, but gives him plenty of residence in any case.

Memorandum:-

Mr. Tupper.

I think that it would be safe to accept this application for patent, provided the Agent will recommend. Whichever statement is accepted, sufficient residence has been performed and more than the required area has been brought under cultivation.

Homestead Inspector Scott's report of 15th April, 1916, would seem to establish these facts satisfactorily.

Sir,

see your File 373408, I have the honor to enclose herewith a letter from Mr. J. Bernard Cooper of Millarville, dated the 17th inst., enquiring whether the Department would permit him to homestead the S. E. 1/4 of 14--21--2 West 5th which is reserved for reservoir purposes. Mr. Cooper appeared at this office the day that this letter was received and I informed him that I did not think that the Department would consider his application but that if he would make an application to lease I would forward same to the Department and recommend that he be granted such lease. As this land will probably not be required for some time, if ever, for reservoir purposes I think it would be advisable to lease the land in the meantime Mr. Cooper's application is herewith enclosed.

Mr. Greenway, for his views. W.W.C. Ottawa, July 5th, 1915.

MEMORANDUM:

Mr. Drake.

Re S½ 14-21-2-5.

This quarter section was included in a list of lands recommended to be reserved for reservoir purposes March 8th, 1905, this file, but was excluded from the Order in Council of September 27th, 1907, authorizing the reservation, as a preemption entry was supposed to have covered it at that time.

This entry was cancelled June 22nd, 1906, by the Agent of Dominion Lands, Calgary, as stated in his letter of that date, reference 20741, file 407206 H.O., and the land reserved for reservoir purposes, but apparently this cancellation was overlooked when the Order in Council was prepared as the S.E.¼ of section 14, township 21, range 2, west of the 5th meridian was omitted therefrom. The authority for the Agent's reserving was made in the records of the Ottawa office.

The land is still reserved in the Agent's records, is not reserved in this branch, and is apparently not required now for such a purpose. The reservoir site, as originally surveyed, included the N½ 11, and S.W. 13, of the same township as well as the S½ 14.

According to a report on the standing of the N.½ of Section 11, a mining lease for a term of 21 years, dating from November 1st, 1913, has been granted and also a grazing lease renewable each year is in force covering this parcel, notwithstanding the fact that this land was reserved in the School Lands Branch October 6th, 1897, - see letter dated 30th September, 1897, file 65. The S.W. 13, was patented to the C.P.R. July 30, 1901.

In view of the circumstances it appears that the S.E.¼ of Section 14, might be thrown open for entry in the manner usual in such cases.

(Sgd) H.F. Gram.

As the other lands referred to above are not available for reservoir purposes, I beg to recommend that the S.E.¼ 14, 31, 2, W 5, be thrown open for entry, or otherwise disposed of. This reservoir site is not required for irrigation purposes. A sale of this area at public auction would be preferable to making it open for homestead entry.

I would be pleased to be advised what lands were reserved for reservoir purposes under the Order-in-Council of September 27th, 1907.

From the Memorandum, I understand that the S.½ of 14, 31, 2, West 5th Meridian, was not dealt with under that Order, but it is not clear whether the other lands referred to; that is to say the N.½ of 11 and the S.W.¼ 13, in the same township, were included therein.

MEMORANDUM: Ottawa, July 10, 1915.

Mr. Greeney,
Commissioner of Dominion Lands.

With respect to your memorandum of the 7th instant to Mr. Cory, regarding the standing of certain land parcel originally intended to comprise a reservoir site, which has been referred to me for reply, I beg to advise you that the site as first surveyed included the S.E.¼ of Section 14, the S.W.¼ of Section 13, and the N.½ of Section 11, township 21, range 2, west of the 5th Meridian. Upon the standing of the lands being ascertained, it was found that the S.E.¼ of section 14, was covered by a preemption entry, the N.½ of Section 11, was school lands and the S.W.¼ of Section 13, was included in a block of lands set aside for the Canadian Pacific Railway Company.

Some of these land parcels were included in the Order in Council of September 17th, 1907, authorizing the reservation of certain lands for reservoir purposes or Abstract of their then standing. The facts concerning the omission of the N.E.¼ of Section 14, from the said Order in Council, upon the cancellation of the preemption entry on June 22nd, 1908, and the reservation of same in the records of the Agent of Dominion Lands, Calgary, are dealt with in my memorandum of the 5th instant, hereunder, to Mr. Cory.

Mr. Cory.
I presume S.E.¼ is meant- If so, I see no objection to its being noted and made available in usual way.

Mr. Mitchell:

This parcel was reserved for reservoir purposes in March 1895, but was not included in the final reservation which was made by Order-in-Council of the 27th September 1897. The temporary reservation for this parcel, however, has never been cancelled on the books, and consequently no disposition has been made thereof. Mr. Drake suggests that the land be rented and disposed of in the usual manner, and the Commissioner of Dominion Parks concurs in this view. It seems to me, however, that we should first get a report to see whether or not the land is especially valuable for reservoir purposes. If it is not [illegible] then it might be leased and disposed of in the first [illegible] manner.

I beg to inform you that the above quarter section was at one time reserved for reservoir purposes, but was not included in the final reservation made by Order-in-Council. The temporary reservation, however, has never been cancelled and the land has apparently been with-held from disposition.

It has now been decided that some disposition should be made of this quarter-section, but before deciding it is considered advisable to have a Homestead Inspector visit the quarter-section and furnish you with a careful report as to the character of the land, etc., and also state whether in his opinion same is especially valuable on account of its location. The Inspector should also state the valuation of the same per acre.

In connection with this matter, however, I might state that this tract is at the present time included in a lease of Ranche #5826 in the name of Geo. Wm. Sir,

I am directed to acknowledge the recei t of your letter of the 28th ultimo, and to say that according to the records of this office your homestead entry is for the South West quarter of Sec. 10, Township 40, range 27, West of the 4th Meridian, instead of the South east quarter, as mentioned in your letter. In view of this fact it is presumed that the land which you wish to acquire is that part of the South east quarter of the section lying west of the lake, containing 16 acres. There is no objection to your purchasing this land, but I am to call your attention to the fact that in order to earn a free patent for your homestead you must reside upon the land included in such homestead. If you were to buy the 16 acres of the South east quarter and build your house thereon, you would be unable to count residence in that house as entitling you to patent for your homestead. As you state in your letter that you are desirous of building on the lake shore, it would appear to be desirable that your homestead entry should be changed so as to include the 16½ acres in question. In order to do this it will be necessary to exclude from the entry some 20 acres to the west of your homestead, as the law does not permit of the granting of a homestead entry for more than one quarter-section or 160 acres. By this arrangement your homestead would practically be shifted five chains towards the lake, and instead of having to purchase the 16 acres along the lake you would have to buy the 20 acres in rear of, or to the west of, your homestead. This latter area will be sold to you at the regulation price of three dollars per acre, one-fourth of the purchase money to be paid

J. P. S. Johnson, Esq.,

in cash and the remainder in three equal annual instalments, with interest on the unpaid balance at 6 per cent.

If you decide to have this change made, please place yourself in communication with the Agent of Dominion Lands at Red Deer, to whom a copy of this letter is being sent.

I may say that the 20 acres which you would be required to purchase would be the West half of the west half of legal sub-divisions 4 and 5 of section 10.

Memorandum.

In reply to your memorandum herewith, I beg to say that Mr. J.R.S. Johnson entered as a homestead on the 6th ultimo for the S.W.¼ of Section 10, Township 40, Range 27, west of the 4th Meridian, and for the S.E.¼ of this section, as stated in his letter, and now wants to acquire by purchase or otherwise a strip of land containing 16 acres, being the fractional S.E.¼ of the said section 10, which is described in error as the S.W.¼, adjoining his homestead and containing a lake, on which latter he wishes to build his house and other buildings.

The fractional S.E.¼ of the said Section 10 is vacant, and so far as the books of the Dominion Lands Branch are concerned there appears to be no objection to the sale of this parcel of land to Mr. Johnson, but I am unable to say positively whether he is permitted to purchase it. The question as to whether he can comply with the conditions as to residence of his homestead by residing on this piece of land remains to be decided.

Mr. Johnson says, "I came to this country last March with the determination to make a home here. I do not want to put up "make shift of a house, and I really am not able to build on "the 160 acres, and therefore I like the 16 acres, which is the only point I am willing to take "advantage of the lake. Please to write me as "soon as possible. I am delighted with the country and am already corresponding with some of my friends about coming out "here. I send section of letter marked."

I do not think it will be possible for Mr. Johnson to

A. M. Burgess, Esq.,
Deputy Minister of the Interior.

to earn his patent for the S.W.¼ by residing on the fractional S.E.¼, and, in my opinion, the only way to overcome the difficulty would be by altering Mr. Johnson's entry and giving him as a homestead the fractional S.E.¼ of Section 10 and the S.E.¼ less the W.½ of the W.½ of Local Subdivisions 4 and 5, which latter twenty acres he would have to purchase at the current rate and on the usual terms, that is to say, one quarter down and the balance in three equal annual instalments. By this arrangement Mr. Johnson's homestead would practically be shifted five chains towards the lake, and instead of having to purchase the sixteen acres along the lake he would have to purchase the twenty acres in rear of his homestead.

Please see township plan showing in red Mr. Johnson's new homestead and in black the piece of land to be purchased by him should my proposed arrangement be approved.

Respectfully submitted,

Sir,

I beg to inform you that the Agent of Dominion Lands at Red Deer, has written to the Commissioner in reference to the application of J.H.S.Johnson to have included with his homestead entry for the S.W.¼ of Section 10, Township 40, Range 27, W.4.M. the 18 acres forming part of the S.E.quarter, lying West of the lake.

The Agent points out that according to your suggestion Mr. Johnson would have to pay for four acres more than he was getting, and to this he naturally objects.

The matter having been submitted to the Commissioner he directs me to say that Mr. Johnson's wishes might be met by making the entry cover the full 178 acres, and require him to pay for the access area in cash. This he thinks would over come the difficulty and when the patent for the homestead issues it would include the entire tract which Mr. Johnson is desirous of acquiring.

Johnson to have included within his homestead entry for the S.W.¼ of Section 10, Township 40, Range 7, West of the 4th Meridian, the gravel deposit, and for a portion of the Town East quarter section in lake; and to say that there is no objection to complying with the Commissioner's application in this matter, and, therefore, the sixteen acres have been allotted to Mr. Johnson's homestead, thereby making it 176 acres (?) more or less; stating that the remainder of this land the homesteader is to pay for the sixteen acres at the rate of $3 per acre.

Hon. Mr. Justice,

Dear Sir,

I would you please give the following your consideration and kindly speak to me to the proper authority. I have entered for a quarter section of land near Laconde on section 10 Township 4 Range 27. My second son entered for one too on the same section same North West and south West quarter. And but for a lake there would be two more quarter sections but there we only 4 acres the rest is covered by Lake. The Agent at Red Deer told me would have to pay. It was no use for sometime and went to pay one but myself but I am not able to purchase and have been thinking by you speaking for me would get a free grant! Not that I have any claim except for a sort of reward in 7 years service in the Canadian West. I am

many

many late hours among the
members of your old Cabinet
there was not one of them that
did not know me personally,
and of which I am sure some-
thing I served them faithfully
and never failed to please.
Mr. Emmett who was President
when my last 4 years was up
you is willing to say.

I also served my country, I was
in the 20th Iowa Infantry
Regiment the last 4 years as non
sergeant and was in the regiment
when it was raised from station
to take part against the Indians
in 1866-7 and on account of my
desire to have my family born
in the Regiment - lost a good
position and pension which I
would have had a 1/2 one in
3 years more.

If you think anything
I have said would enable you
to speak for me I know you
will do so. The land
is known as the North East
and South East quarter section
48 acres in both west under Lake.
Then my last discharge would

enter

enter the quarter section on 16 and
we find on which it only
13 years would be due us
we find it make entry not
near and we we attend next
to find if deed would secure
the Lake front. If we had
all to water. Take no
something for me, I will get it
to dear, Jim your Uncle.

Sir,

I am directed to acknowledge the receipt of your letter of the 29th ultimo, File 766,009, and in reply to say that S. C. F. Ref. 366998. Ottawa, 15th October, 1897.

Memorandum.

The Agent of Dominion Lands at Red Deer refers a letter from Mr. O. F. Bishop, who applies to purchase the fractional N.E.¼ of Section 10, Township 40, Range 27, West of the 4th Meridian, containing 42 acres, and lying between Jackfish Lake and the N.W.¼ of the said section, which latter he has been permitted to enter as a homestead; and he asks, in the event of his application being granted, whether he will be allowed to reside on the purchase piece of land, instead of on his homestead quarter-section.

There appears to be no objection to selling the 42 acres applied for to Mr. Bishop at the current rate of $3 per acre and on the usual terms of payment, but his residence will have to be performed on his homestead quarter-section. A plan of the township in which the quarter-section in question is situated is annexed hereto.

My dear Sir:-

Although I know you are busy - tremendous busy - I am going to ask you to do me a favor.

I am devoting nearly all my attention to the breeding of pure-bred Short-horn cattle. Now I find from experience that it does not do to let my pure bred heifers run on the prairies. There is great danger of somebody's bull getting out and ruining them. I find I must enclose them. Two heifers were ruined last year.

I have bought one quarter section of C.P.R. land, and cannot afford to buy more. Now I have a plan in view which

I think ought to work.

My son will be 16th years old on 6th July next. Two years later he will be eligible to enter for a homestead. Can I not have a quarter section reserved for him now?

I have one in view — Section 10; Sp 40; Rg 27 west of 4th Mer, is quite convenient to my homestead. Said section is badly cut by Duck Fish Lake. The S.W¼ is entire, but only 17 acres (I think) of S.E¼ is on the west side of lake. Now if S.W¼ can be reserved for him and the part of S.E¼ which lies west of the lake sold to him or to me at $3.00 per acre, we could fence the whole and and pasture our pure bred stock there. My son could reside on the place during his homestead duties. I may say the land in question is not good farming land, but owing to the presence of the lake it would make a good pasture. I may

further say that the land already described has been entered for, but the man has left it. The man was J. S. Johnson, who left the place last March and went to Kiowa. He does not intend returning.

We are making application for cancellation of Johnson's entry. And if you can see the Minister of the Interior and make my case strong enough to have my request granted I will be greatly obliged.

Yours very truly

I beg to enclose a letter received from W. Talbot. A very desirable and well doing settler of Lacombe, Alberta, who politically as well as personally is entitled to every consideration at the hands of the Government. He wants a quarter section of Land, the cancellation of which he has applied for, held reserved until his son becomes of age to enter for it; about two years hence. If there is any way this can be done, I can assure you that Mr. Talbot is deserving of the consideration of the Department.

Dear Sir,

I am in receipt of your letter of the 16th instant, covering one from Mr. P. Talbot, of Lacombe, in which he asks that the South West quarter of Section 10, Township 40, Range 27, West of the 4th Meridian, may be reserved for entry by his son who is not yet of the home-steading age, and that the latter, or himself, may be permitted to purchase that portion of the South East quarter of the same Section lying west of Jackfish Lake. These lands, I find, are now held by Mr. J.P. S. Johnson, but Mr. Talbot's application, on behalf of his son, for the cancellation of Mr. Johnson's entry is now before the Acting Commissioner of Dominion Lands. I may state, however, that while there would appear to be no objection to permitting Mr. Talbot to acquire these lands by purchase in the event of his being the first applicant, I do not think that it would be possible to have the same reserved for entry by his son when the latter becomes of age, which I understand will not be before two years. We are refusing applications of this kind every day, and I have no doubt you will agree with me that it would not be fair to have the lands locked up in this way when there

With regard to the application of Mr. J. E. Williams to homestead the S. W. ¼ and purchase the fractional S. E. ¼ of Section 10, 50, 27, West 4th, lying West of Jackfish Lake, I am directed to say that there is apparently no reason why the land should not be now disposed of in the manner indicated. No reply has been received with regard to Mr. Talbot, on whose behalf the matter was held over for 30 days. It will be necessary to collect the Inspection fee in granting re-entry for the S. W. quarter. The sale of the fractional S. E. quarter, containing about 16 acres, will be at the current price of $5 per acre and on the usual terms of payment.

In reply to your notice as to my homestead right, I made entry for it on April 12th 1901 that I built a house and went to live there on Sept 23rd. I built a log cabin 12 x 14 ft. I cleared out a lot of land fenced the same with rails in the spring of 1901 ploughed seven acres & put in a crop of oats spring. I lost a team of horses & a colt by sickness & could not do any more ploughing & had to work at odd jobs to earn money to buy horses and so went into Wetmore [illegible] was my ambition to return to my father's house & farm during July but before that time I met with an accident which made it impossible to do so. While working on a building I fell on June 17th

If it had not been for the accident I should have been on the land much longer than the homestead regulations require and I think you will be satisfied that I have done the best I could to comply with them. I lived on the land

Department of the Interior,

Ottawa, 10th October, 1898.

Sir,

I am directed to return, herewith, one affidavit, and three solemn declarations which were lately made before Mr. Bourchier, and to point out the following information in them, respectively :-

(1) The affidavit which Mr. W. J. McRae made before Mr. Bourchier under the 30th clause, being an "affidavit in support of claim for a homestead entry" is one which should be made, under the provisions of Clause 34 of the Dominion Lands Act, "before the local agent or his assistant or the senior clerk performing his duties." Therefore Mr. Bourchier, performing his duties as Mr. Sutherland's assistant, could not be taken to be Mr. Sutherland or his assistant or "the senior clerk" performing their duties, as Mr. Bourchier would, therefore, be entitled to take Mr. McRae's affidavit in that capacity.

and Mr. Rickards

Seven affidavits have been received here from your office which were taken before Mr. Bourchier in the absence of yourself and Mr. Sutherland, and these affidavits, under the circumstances, were properly taken by Mr. Bourchier.

(.)

The Agent of
Dominion Lands,
Calgary,
Alta.

(2) The declaration which Mr. W.W.Stuart made before Mr. Bourchier upon the 10th ultimo, and the declaration which Mr. T.A.Duffield and W.J.Tracey made before him upon the same date are considered to be declarations which are made under the provisions of Clause 36 of the Dominion Lands Act, and were therefore properly taken before Mr. Bourchier, as a Justice of the Peace, although as the declarations are to furnish evidence in support of Mr. Stuart's application for his homestead patent it would possibly be as well had they been completed in accordance with the provisions of sub- clause 4 of Clause 36 of the Dominion Lands Act. However, any question that might be raised upon this point would not materially affect the validity of these declarations, as they are "other declarations which are authorized to be taken under the provisions of Chapter 31 of 51 Victoria, and by Section 24 of that Act such declarations may be taken by a Justice of the Peace.

You the correct title of that Act is "The Manitoba Evidence Act, 1893"; and not the "Manitoba Evidence Act," and great care should be taken to see that in each of these declarations which may hereafter be prepared or accepted in your office, this Act is correctly referred to. In the present instance "1893" was also added here, although there is no question but that this should have been done before the declarations were completed.

(3)

(3) The remarks in the foregoing paragraph "(2)" apply to the "Supplementary declaration" which Mr. McRae made before Mr. Corbier upon the 30th ultimo, and which he took in his capacity of a Justice of the Peace. The purpose of this declaration being to afford additional evidence to support his application for homestead entry it might be argued that it should be taken in accordance with the provisions of Clause 5 of the Dominion Lands Act, but this point would be immaterial had the declaration been correctly prepared in accordance with the provisions of Chapter 31 of the Statutes. It has not been so prepared, however, and as the "Act respecting Extra Judicial Oaths" was repealed by Chapter 31 this declaration is of no legal effect, and if any statement in it was false Mr. McRae could not be convicted of perjury, if for any other reason, simply because of this informality in the preparation of this declaration. For this reason the declaration must be replaced by a new one.

I am to add that there is really no excuse for the irregularities in the declarations referred to in paragraphs 1 and 2 of this letter, as upon the 20th June, 1908 (C.L.of..1908) a circular of which a copy is on file in your office, was issued to Registrars, Agents of Dominion Lands, and other outside officials of this Department, with regard to the necessity of completing solemn declarations which could thereafter be taken under the provisions of "The Canada Evidence Act, 1893," strictly

strictly in accordance with its provisions, and as your particular attention was called to certain declarations, which had been incorrectly prepared and which had been taken under the authority of that Act, by my letter of the 20th August last.

You will see, therefore, that it is advisable that you should draw the particular attention of each member of your staff to the circular in question, and to my letter of the 20th August last, No Ref. 333486.

Sir,

N. T. ½ 12-24-5-W. 5th M.,

I beg to acknowledge the receipt of your letter of the 11th ultimo, in reference to your homestead entry as above described, and to advise you that according to the latest report from the Agent of Dominion Lands at Calgary, the application for patent which you claim to have made in 1914, had not been received in that office. Your statement is noted that you were now awaiting demobolization and would be returning to Canada in a month or two. In view of this it would probably be better for you to wait until you return when the matter can be taken up with the Department. The time spent by you on active service will count to your credit as residence performed and also three months from the date of your discharge. Your entry will, therefore, remain under protection.

Encl.1.

For information regarding taxes you should communicate with the Deputy Minister of Municipal Affairs, Edmonton, Alberta, mentioning that you are on active service.

Mr. Hume:

Application for patent of
Archie Douglas Aris.
Not recommended.

Mr. Aris has completed his duties as shown on form #38 hereunder. He has only eight acres of cultivation but the value of this breaking and cultivation, according to a Homestead Inspector's report is $160.00.

According to the applicant's statement he enlisted for active service in December 1914, and was discharged in April, 1919.

As three years full residence have been performed prior to the date of his enlistment, I do not think it will be necessary to varify his military service.

Please say, if in view of the Homestead Inspector's report, you will accept the cultivation as sufficient, provided the agent is satisfied to recommend this application.

MEMORANDUM:

This is an application from John Trussell for patent for his homestead, the W. ½ of Section 22, Township 46, Range 24, West of the Fourth Meridian.

Mr. Trussell filed a medical certificate as to his health, and it is evident that he is unable from the nature of his complaint to resume residence upon the land.

He apparently lived for nearly two years upon a purchased quarter-section adjoining, having from 60 to 70 head of cattle with some fencing.

He is not entitle to a free patent, but under the circumstances possibly you might be disposed to sell him the land.

At the same time, however, in view of what you have done upon the land and your present ill health, you will be permitted to purchase the land at the current rate of $3.00 per acre, in lieu of the performance of further duties.

Dear Sir,

I would like to call your attention to the facts I lived on my place in Canada for three years and I got so poor that I could not live so I had to get out and work and get some money and go back on the lace. My time will be up on the 11the October to be back on the ranche and I would like a leave of absence for six months longer I have steady work for that length of time. My intention is good to be back on the place in the Spring of 1897 in time to put in the crop for my place is well improved and I dont want to lose it. I have 30 acres in cultivation and my homestead is under a six rail fence. I am a citizen of Canada.

Enclosure

Sir,

I am directed to enclose papers comprising said Office file No 47407 covering the application for patent of the late C.W.Hendricks, S.½ 6 - [illegible] 35 E. 4th M, and to request that you will be good enough to look them over with a view to determining whether a mistake was not made in setting down the periods of residence performed upon this land. You will observe that the Inspector in his report states that deceased was on residence in 1894, and the earliest sale was made in his statement dated the 4th of January, 1897. In the evidence, it gives the residence of his wife and family as having been in Nov'br 1894, and it seems impossible that they could have been there alone by themselves. It seems [illegible] to suppose that the date, 1st April, 1895, was incorrectly written for the 1st April, 1894. If this should prove to be the case the duties have been completed, and patent should issue to the legal representatives. [illegible] good enough to look into the matter, and if you think necessary [illegible] additional information, or instruct the Inspector to [illegible] from the neighborhood, to ascertain the matter may be decided. If you entertain any objections they are to be stated.

The appl^n for patent of G. W Hendricks may now be disposed of under Mr Burpee memo of 6th July 1898. It is strange, however, that we should have received two letters from his self-styled "widow." Shall we issue cert. of nom^n to the homesteader on the strength of his letter?

Sir,

I am directed to acknowledge your letter of the 22nd ultimo, No. 34671, ref. 56671, and to say that in our letter of the 14th idem, to which yours is a reply, it was stated that the quit claim deed filed in the Department relative to the north east quarter of Section 10, Township 54, Range 22 West of the 4th Meridian, was from Henry F. Quebec to H. M. Robertson, while in your letter you say the application for patent is made by W. H. Towne for the same land. I assume, however, that the application has not yet received the approval of the Commissioner, and therefore the action taken by Quebec in assigning it is contrary to the terms of the Dominion Lands Act. With reference to your letter of the 12th instant, No. 370881, Ref. 308271, I am directed to say that upon further examination it is observed that in acknowledging the receipt of the assignment, Henry M. Quebec to H. H. Sir,

Enclos;

The Commissioner directs me to enclose herewith the papers composing this office file No.344453, covering the application for homestead patent of J.N.Poole for the S.W.¼ of Section 22, Township 40, Range 26, W.4, and to draw your attention to the fact that whilst the duties have apparently been fully performed, nevertheless, in view of the homesteader having erected his house in error on the dividing line between the South West and North West quarters of the Section, he does not feel justified in signing the certificate of recommendation. In this connection I am to refer you to the letter of the Deputy Minister of Justice dated the 26th July, 1894, which holds that "a house built on the line between two quarter-"sections cannot be held to be two houses, even although "there are two entrances, unless there are as a matter of "fact two distinct residences in it, each of them wholly "on one of the quarter-sections, or, unless each settler "resides altogether in that part of the house which is "situate on his own quarter-section".

In the present case there is no question of joint occupancy with the holder of the North West quarter of the Section, but the fact of the house being mostly on that quarter-section renders it difficult for the Commissioner to accept the residence of Mr.Poole as a strict compliance with the requirements of the Act. He is of opinion that this is a case for the consideration of the Minister

Memorandum.

The Commissioner submits the case of J. Y. Poole who built his house prior to survey on what afterwards turned out to be the division line between the North West and South West quarters of the Section. The Commissioner thinks that this is a case for action by Council under Section 90, which in my opinion is open to doubt, but if the difficulty can be got over by an Order in Council I think Poole should be given the benefit of the doubt.

Wm Shales has made application to your office for Cancellation of entry made by G. W. Poole on N.W.¼ Sec. 22. Tp. 40. Rg 26. On his application he stated that a house was on said quarter. This requires some explanation which I will try to make clear to you.

Now S.W.¼ was located on by Jas. Poole before Tp. was sub-divided and by mistake his house was built as per plan, that is on line between N.W and S.W quarters. This house is occupied by Mr Poole yet. Mr. Shales does not want this house nor does he wish Mr Poole to move it. Now this is the house referred to in the application. Personally I think it should not have been mentioned in application. Mr Poole asked me if he could move the house entirely on his own quarter. I told him I thought he could but felt satisfied you would wish to put him to as much bother

Sir,

In reply to your letter of the 12th instant, Ref. 3122, I beg to say that in view of the explanations made, and of the fact that the parties interested are relatives, at least by marriage, you need not when granting entry for the N.W.¼ of Section 22--40--26 W. 4 M. pay any attention to the house which is erected upon the dividing line between the N.W. and S.W. quarters. It would perhaps be as well for you to obtain from the parties a statement, in writing, to the effect that the arrangement is satisfactory to them both.

The Commissioner directs me to enclose herewith the papers completing this office file No. [illegible], covering the application for homestead patent of J.V.Poole for the S.W.¼ of Section [illegible], Township 20, Range [illegible], W.[illegible], and to draw your attention to the fact that whilst the duties have apparently been fully performed, nevertheless, in view of the homestead having created his house in error on the dividing line between the [illegible] quarter-sections, he does not feel justified in granting [illegible] patent, in this case. This decision is arrived at in consequence of the Regulations, as to which "patent cannot be issued to an two homes, even although "they are contiguous, unless there is a manifest error of "fact in the distance contained in the [illegible] "or one of the quarter-sections, or, unless such error "arises similarly in the case of the home quarter-section" "situate on his own quarter-section".

In the present case there is no question of error in connection with the holder of the home quarter of the section, but the fact of the house being exactly on the quarter-section renders it difficult for the Commissioner to accept the existence of error [illegible] compliance with the requirements of the Act. It is of opinion that this is a case for the consideration of the Minister

On the strength of a Forest Ranger's report dated 31st July, 1908, the N.E.¼ of Section 10, Township 44, Range 21, West of the Fourth Meridian was withdrawn from settlement and reserved for timber.

Several persons have applied for entry for this quarter-section stating that there is now no timber of any value thereon.

A Homestead Inspector's report, dated 16th ultimo, sets out that there is no timber upon this land but that about 90 acres are covered with small trees and brush suitable for poles and firewood only.

Under these circumstances, it would seem that this quarter-section might again be made available for homestead entry.

Sir:-

In further reference to mine of the 30th ultimo re stock yards at Cayley addressed to Mr.W.Whyte, General Superintendent of the Canadian Pacific Railway Western Division, I am in receipt of a reply from him dated the 10 th July and reading as follows:

"I agree with you that with the land already reserved for stockwatering purposes in the district mentioned, it will be -necessary to reserve any more for a trail, but I think that it would be well for the E.½.of 24 - 17 - 29 west 4th M. to be reserved and I will ask the C.& E.people to reserve the W.½.of 18-17 west 4th M., so that if stock should be driven up to the yards before the cars are ready, there will be some place for them to remain and it might be thought feasible to try and bore for water on that land. I shall, therefore, be glad if you will kindly make application to the Government for the reservation of the E.½.of 24-17-29 west 4th M."

I have caused to be noted in the Agency books that entry for E.½.of 24-17-29 is not to be granted without special instructions. The reservation of this half section will do no injury to anyone, as it has been lying vacant for years and will continue to do so unless water is obtained. I am writing you separately on the subject of testing for water in the stock district.

- Re E.½.24-17-29-W.4th I.M.-

Will you kindly inform us whether we may be permitted to acquire the above Half Section and upon what terms. We wish to secure it in connection with the W.½.19-17-28-W.4th., upon which Cayley Siding is situate and where it is possible that we may presently decide to survey a Townsite. Our intention would be, if this application can be granted, to reserve the E.½.24 for the time being, as a feeding ground for cattle awaiting shipment at that point. This would be in the interests of settlers and ranchers generally in that district. Later on, if it should be found that the surrounding country fell under occupation chiefly by farmers, the land now in question might then be used for Townsite or Railway purposes, or if required for neither of these purposes, it might be sold.

We shall be greatly obliged for an early and favorable decision in the matter.

Dear Sir

I herewith send you an application for permission to file on the South & North East quarter of Section 24 Township 17 Range 20 West of the 4th Merid.n. This half Section has been reserved for Canada but is not used for that purpose now as the land is all settled and fenced for twenty miles around. (the west half of the above Section has been homesteaded for about three years). I have been farming in New Brunswick for several years, and worked hard for the liberal candidates during the elections there, especially so for H. Fugsley Attorney General and Cha F. I can refer you to His Excellency the Governor General as I have the honour to be personally acquainted with His Lordship. Hoping to have a favourable answer.

MEMORANDUM:-

I beg to draw your attention to Mr. Immigration Commissioner Obalski's letter of the 7th instant, in which he states that he has been requested by Mr. Maurice V. Otto, to enquire whether the East half of Section 24-12-29 West 1st. would be thrown open to homestead entry, as he would further desire to take up residence thereon. He states further that Mr. Otto contends that the land, although reserved for a cattle yard, is now of no use for that purpose. The half-section in question is also under reservation for stock yards at Cayley, Alta.

Applications were made for the East-east quarter of this section, in 1902, but in view of the representations made on the subject, I directed that part was not to be thrown open for entry; and, in accordance with the recommendation contained in your report, of the 2nd January, 1903, (file [illegible]), the applications were advised that the reservation was to be maintained.

There are several [illegible] Mr. Otto, for the half-section in question, but as far as I can learn from Messrs. Osler, [illegible] the land in connection with the W. A. [illegible] Cayley Survey is situate and where it was possible they might decide to survey a small township.

Messrs. Osler, [illegible] were advised that

that their application could not be entertained, as the land was not open for sale, and the other applicants were notified in the same sense. I may say that the half-section in question was originally reserved for the purpose mentioned, in 1896, in accordance with the recommendation made by Mr. William Pearce. This reservation was concurred in by the General Superintendent of the Canadian Pacific Railway Company, who intimated that he would have the West half of the said section 19 reserved in connection therewith.

Respectfully submitted,

29th September, 1905.

Sir,

I am directed to acknowledge the receipt of your letter of the 7th instant (file 854, letter I4I805), having reference to the desire of Mr. George H. Otto and a friend to homestead the East half of Section 24, Township I7, Range 29, West 4th Meridian, and in reply to state that there are several prior applications to that of Mr. Otto, for the half-section in question, among which was one from Messrs. Osler, Hammond & Nanton, who represented that they desired to secure the land in connection with the W½ of Section I9, Township I7, Range 28, West 4th Meridian, upon which Cayley Siding is situate, and where it was possible that they might decide to survey a small townsite. Messrs. Osler, Hammond & Nanton were advised that their application could not be entertained as the land was not open for sale, and the other applicants were notified in the same sense.

I am further to state that, in view of certain applications which were made for the South-east quarter of this section, in I902, Mr. Homestead Inspector Stuart was advised to make a further report in the matter; and in accordance with the recommendation contained in such report it

it was decided that it would be unadvisable to remove the reservation of the land for a cattle yard.

Sir

It has been reported to me that homestead entry has or will be granted on the E½ 24 17 2 of the 4 land which has been reserved for cattle grazing at Cayley. You in the interest of the settlers and the members of the section I would point out the fact that the land in question will be wholly unsuitable for that purpose as Cayley is the centre of the district between Calgary and Macleod and the most important of the settlement but as that the reserves were not only a 6 day journey including the fees of returning Commissioner and nothing but it the fact as I have them before me I will see your way clear to keep these reserves

Dear Sir

The residents of the Village of Cayley and surrounding country are very much in need of a Cemetery as they have no burying ground at all a few are now laid to rest on the open prairie, now what we would like is a grant of say two or three acres on what is now a reserve. The East ½ 24 17-29. W. 4. we would choose a very good location on one side of it but to cut up the lot - to interfere with the sale of it. If you do not feel disposed to make the requested grant put a minimum price on it. trusting to hear from you favorably very soon

Memorandum:

I beg to submit the letter dated the 16th ultimo from Mr.William Carpell, secretary-treasurer of Local Improvement District No.9-W-4, in which he states that the residents of the village of Cayley are very much in need of a cemetery and that a grant for that purpose in addition to the one already granted would be appreciated by them.

Township 19, Range 2, West of the Fourth Meridian.

Mr.Carpell points out that the land adjoining the village would not interfere with the growth of the town, if the settlement did not extend in that direction, and that he could give, if the department did not object, two or three acres of the half section for cemetery purposes. This request is to be favourably considered.

I have the honor to acknowledge receipt of your letter of the 3rd ult. file 43730, together with copy from Head Office datedt the 26th August, 1907, and beg to state that on the 23rd ult.. I visited the E ½ of Section 24, Township 17, Range 29, West 4th Meridian, and found the N W ¼ of L.S.D. 15, would be a very suitable place for a Cemetery, which the Local Improvement District of the Village of Cayley wish for that purpose. I might say that the sale of 3 acres at the point mentioned would not in anyway interfere with the disposal of the balance of the E½ of Section 24, should the land ever be placed on the market or otherwise disposed of.

The site selected is a good high point and suitable for the above purpose, having a road right from the Village of Cayley along the North line of Section 24.

Advertising to the Departmental letter to you of the 26th August last, having reference to the desire of the residents of the Village of Cayley and the surrounding country to obtain two or three acres of the N.E. of Section 14, Township 17, Range 27, West of the Fourth Meridian, for cemetery, I am directed to inform you that, in view of the report which has been received here from the Dominion Inspector, there would appear to be no objection to a grant for cemetery purposes of three acres of the N.E. corner of legal subdivision 11 of the said Section being one mile, but the Department will have to be furnished with a definite description of the parcel required, if necessary, by metes and bounds.

I am to add that the Cemetery Company should file here the necessary evidence that they have obtained letters of Incorporation under the provisions of the Provincial Statute in that behalf and a patent fee of $10.00 must also be remitted. MEMORANDUM:

With reference to my memorandum of August 9th last relating to the application of Local Improvement District No.9, Cayley, Alberta, through its secretary treasurer William Cosnell, that an area of two or three acres of the East half of Section 24, Township 17, Range 20 West 4th Meridian be set aside for the purpose of a cemetery for the said District:

The Acting Agent at Cayley now submits Homestead Inspector Bryant's report on the above application wherein the Inspector states he visited the said East half of Section 24 (which is held under reservation for stock yard purposes by departmental order) and found the North-west corner of legal sub-division 15 would be a very suitable place for a cemetery; that the sale of three acres at the point mentioned would not in any way interfere with the disposal of the balance of the East half of the said section He further states that the site selected is well located and very suitable for the purpose mentioned having a road directly connecting same with the village of Cayley.

If it is proposed to dispose of the land applied for for the above mentioned purpose, the usual practice would be to grant the said land by Order-in-Council in which case a patent fee would have to be remitted and the grant would be subject to the land being used for the purpose mentioned only.

I have the honor to acknowledge the receipt of your letter of the 27th of April, 1908, file No. 407,812, and beg to state that on the 16th ultimo I again visited the East half of Section 24, Township 17, Range 29, West of the 4th Meridian, for the purpose of selecting a cemetry site for the Local Improvement District 9-W-4 Cayley. With reference to my selection of the 14th of October last I might state that I also visited F. Shire's homestead, being the North West quarter of Section 24, Township 17, range 29, West of the 4th Meridian, and found the latter has gone to a considerable expense in getting water. The point at which he has drilled his well is within 150 yards of my former recommendation. I would therefore recommend that a Cemetry site be granted to contain three (3) acres beginning at the North West corner of Legal Sub Division 16, thence South 330 feet, thence East 396 feet, thence North 330 feet, and thence West to the point of beginning 396 feet.

As you will see on comparing my former selection with the present one that I have moved forty (40) rods to the East on the North line of the Section , this site is just as advantageous as the former one being high and well on the road allowance.

MEMORANDUM:-

The Local Improvement District No.9, Cayley, Alberta, made application for two or three acres of the E.½ of Section 24, Township 17, Range 29, West of the Fourth Meridian, for cemetery purposes, and Mr.Homestead Inspector Bryant selected the N.W.corner of Legal Subdivision 15, for the cemetery. The application came before the Deputy Minister, and he decided that the parcel selected by Mr. Bryant might be granted in the usual way under the authority of an Order-in-Council upon the customary requirements being complied with. (My memorandum of the 19th November last, marked),

Subsequently the Secretary of the Improvement District represented that the site selected by Mr.Bryant was not suitable, and asked that the latter be requested to make another selection. It was decided that this might be done and the necessary instructions were sent to the Inspector.

Mr.Bryant now recommends in his letter of the 10th ultimo, that a cemetery site be granted for three acres of Legal Subdivision 16, and states that this site is just as advantageous as the former one, "being high and well on the road allowance".

It would appear that the reason why the former site was objected to was that the homesteader of the N.W.¼ of the section, which adjoins the previous site, had drilled a well in close proximity to the parcel selected, and the Inspector points out that the site now chosen would be free from any prejudical effect.with respect to the adjoining land.

The Acting,
Commissioner of Dominion Lands.

I beg

I beg to recommend that the Improvement District be advised of the selection now made by Mr.Bryant, and that upon their signifying their approval of such selection, and furnishing the necessary evidence of incorporation, and remitting the usual patent fee of $10.00, that an Order-in-Council be obtained authorizing the grant.

Memorandum:-

I beg to return Mr. Louis M. Roberts letter of the 19th ultimo to the Minister, asking whether there would be any possibility of the village of Cayley securing a grant of the W.½ of section 21, township 19, range 29, west 4th meridian.

This half section, with the exception of the Right of Way of the Calgary & Edmonton Railway, has not been disposed of but is reserved for a stock yard at Cayley. Two or three acres thereof have been [illegible] for the same purpose by the Local Improvement District No. 9, and the applicants were advised in September last that it would be necessary to furnish this Department with evidence of incorporation and remit the usual patent fee of $10.00, but no further action was taken in the matter.

The half-section in question was reserved for a stock yard in 1896 upon the recommendation of Mr. William Pearce, concurred in by the General Superintendent of the Canadian Pacific Railway Company, and it was decided in 1903, in accordance with Mr. [illegible] Inspector Stewart's recommendation to continue the reservation for cattle awaiting shipment.

A great many applications for entry for this land have been made from time to time but were refused as the land was not available for that purpose. This reserve was made by Order in Council.

Sketch attached.

Memorandum:

With reference to Mr. Jas. W. Campbell's letter of the 3rd instant, returned herewith, in which he asks on behalf of the Local Board of Managers of the Presbyterian Church, Cayley, Alberta, whether it would be possible to secure two or more acres of land in the east side of section 24, township 17, range 29 west fourth meridian, for purposes of a church site, I beg to report as follows:-

This half section adjoins the Village of Cayley and, with the exception of the Right of Way of the Calgary & Edmonton Railway, has not been disposed of but is reserved for a stock yard at Cayley. Two or three acres thereof have been applied for for cemetery purposes by the Local Improvement District No. 9., and the applicants were advised in September last that it would be necessary to furnish the Department with evidence of incorporation and remit the usual patent fee of $10, but no further action was taken in the matter.

The half-section in question was reserved for a stock yard in 1896, upon the recommendation of Mr. William Pearce, concurred in by the General Superintendent of the Canadian Pacific Railway Company, and it was decided in 1903, in accordance with Mr. Homestead Inspector Stewart's recommendation, to continue the reservation for little awaiting shipment.

A great many applications for entry for this land have been made from time to time but were refused as the land was not available for that purpose. This reserve was not made by Order in Council.

I beg to return Mr. John Knox's letter respecting his application to purchase for his younger son the E½ of Section 24, Township 17, Range 29, west 4th Meridian.

This half-section was reserved some years ago for stock yards, in connection with the shipment of cattle at Cayley, and with the exception of 1.23 acres in the N.E.¼, patented to the Calgary & Edmonton Railway for right-of-way, the land is still reserved for that purpose.

Several applications for entry for this land have been refused, as the land is not available.

There is now an application under consideration for a church site for the presbyterian church at Cayley, in this half-section.

Regarding the last paragraph of the Minister's telegram, re. the advisability of continuing the reservation of stock yards on the East half of the said Section, I beg to say that, on going over the matter, I found that the shipping of stock at this point is still large, as, although on the decrease amongst the large cattle men, the quantities are being kept up by the small man or the mixed farmer, and I would consider it in the best interests of the country at large to have this reservation continue.

Another point that I wish to take up with the Department, and one which may be of some interest at a later date, is that, should the reservation be withdrawn at any time, I would recommend that that portion of the East half of the Section, lying facing the present Town of Cayley, be sub-divided into town lots and sold by public auction to the highest bidder. The half Section on the whole is of first class quality, there being little or no waste land thereon, and should it be sold by public auction at the present time, I would think the land would bring in the neighborhood of One Hundred Dollars($100.00) per acre. In fact, the Manager of the Bank of Hamilton in Cayley informed me that he would be willing to give that price for it. You can see by this that it is valuable piece of land.

This allottment is entirely satisfactory to the parties who are interesting themselves in the site.

Regarding the aite asked for by the Presbyterian congregation of this Town, the Secretary-Treasurer of whose Local Board of Managers is James W. Campbell, I may say that I was unable to meet Mr. Campbell, but met Mr. James Caspell and Mr. R. H. Knox, who are both interested in the congregation. In going over the land with them, the site suggested by me, which is apparently satisfactory to them is described as follows:-

"Beginning at a point 600 feet South of the "North East corner of L.S.D. 9 of Section 24, "Township 17, Range 29, West of the 4th Mer- "idian, thence South 335 fft; thence West 130 "feet; thence North 335 feet; thence East 130 "feet to the point of beginning."

This would be approximately one acre of ground, which, in my opinion, is suffieient for the purpose asked for, as I do not agree with their contention that three acres is necessary. This you will see from a lithograph plan of the Town of Cayley attached hereto, would be on the extension of Osler Street, West, should the Department at any time feel inclined to sub-divide the Eastern half of Section 24, which would lie alongside of the Town. This lithograph plan was the only one I was able to obtain, and it is hoped that it will be suffieient to enable the Department to see what is meant in my report.

Memorandum:-

I beg to return letter of the 17th instant, from Mr. A. B. McDonald, of Lynden, Alberta, enclosing one from Mr. F. F. McDonald, Secretary of the Board of Trade of the Village of Cayley, applying on behalf of that Village for the N.E.¼ of Section 24, Township 17, Range 29, West 4th Meridian, to be used for show grounds and also for burial and recreation purposes.

Mr. McDonald states that it is the intention to organize an agricultural society and that a petition is now being circulated with reference to the proposed grant.

The East half of Section 24, Township 17, Range 29, West 4th Meridian, has for some time been reserved for stock yards at Calgary, and upon the report and recommendation of the Assistant Inspector, J. A. Bannerman, who had been instructed to carefully report in the matter, you recently decided that the application of Local Improvement District No. 9 for a grant of three acres for cemetery purposes, and that of the Presbyterian church for one acre for a building site, out of the N.E.¼, should be granted, and that the reservation of the balance of the half-

The Hon. Frank Oliver,
Minister of the Interior.

half-section should be continued.

Mr. Bannerman states that if in the near future the reservation is withdrawn, the land should be disposed of at public auction as it is very valuable, and that at the present time there would be no trouble in obtaining $100.00 an acre therefor.

Respectfully submitted,

Chief Clerk.

Sir:-

I am directed to acknowledge the receipt of your letter of the 2nd instant, with reference to the land required by the local Improvement District No.9-Twp 4 for a cemetery site, and to say that the first selection made by Mr. Homestead Inspector Bryant was the N.E. quarter of Legal Subdivision 15 of Section 14, Township 17, Range 19, West of the 4th Meridian. The then Secretary of the Improvement District reported that the site was not suitable, and Mr. Bryant, to whom subject to report in the matter, stated that the reason why the site was objected to, was that the homesteader of the N.E.¼ of the Section which obtained the site, had drilled a well in close proximity to the parcel selected. The Inspector recommended, therefore, that the following described parcel, which he stated would be free from any prejudicial effect with respect to the adjoining land, should be granted to the Improvement District:-

"Beginning at the North East corner of Legal "Subdivision 16, thence South 330 feet, thence East 796 "feet, thence North 330 feet, and thence West to the point "of beginning 796 feet."

Subsequently, however, the Presbyterian Church at Cayley made application for two or three acres on the

the East side of the sector for a church site, and it was decided advisable, there ... , that a report should be obtained from a Homestead Inspector as to whether or not the application of the church might conflict with that of the Irrigation District. Mr. Bennett and Inspector Barrow on their recent report recommended that the portion of land described be granted for the church site. It was calculated, therefore, that the Council, having described in the letter of the 15th April last, and which, as will be observed, was signed both by Mr. Bennett and Mr. Barrow, was satisfactory to the Irrigation District.

Memorandum:-

I beg to return Mr. A.J. Anderson's letter to the Minister, dated Toronto, 1st inst., stating that he owns a section and a half of land in the High River District, Alberta, and he would like to get more land. He asks at what price and under what conditions he could purchase a couple of quarter sections close to the Cayley station, which lands are at the disposal of the Department.

Mr. Anderson probably refers to section 21, township 17, range 2, west of the 5th Meridian, which with the exception of 1.76 acres patented to the C.P.R. Company and 3 acres patented to the Cayley Cemetery Company, is reserved for town purposes at Cayley.

MEMORANDUM:-

I beg to return, herewith, your Ref. No. 11668, respecting the W.½ of the N.E.¼ of Section 24, Township 17, Range 29, West of the 4th Meridian, and to say that this land as well as Legal Subdivision 16 and the S.E.¼, was reserved for stock yards at Cayley, by order of the Deputy Minister, in July, 1896. This reserve was continued in January, 1903, and again in March, 1909.

It is observed in the letter under the above reference, that it is stated that the land referred to is not now required for the purpose for which it is reserved. It might be advisable, therefore, to have a Homestead Inspector visit this half section and report as to the advisability of discontinuing this reserve and also as to the value per acre of the land.

I may add that 40 acres of the S.W.¼ of this section were withdrawn from the reserve in 1911 and leased to the village of Cayley for recreation and agricultural purposes and 3 acres for cemetery purposes, while 1.32 acres were patented to the Calgary and Edmonton Railway Company in 1909 for right of way, and, in the event of the reserve being withdrawn, there would be about 115 acres available in the N.E.¼ and 156.53 acres in the S.E.¼, 1.47 acres having been sold to the Canadian Pacific Railway Company in 1910.

Respectfully submitted,

The Deputy Minister of the Interior

Ottawa. 3rd December, 1913.

MEMORANDUM,

I beg to submit a personal letter addressed to you by Dr. W. D. Stanley, M.P.P., of High River, Alberta, with regard to the desire of Mr. Frank Shire, of Cayley P.O., Alberta, to acquire the West ½ of the North-East ¼ of Section 24, Township 17, Range 29, West of the 4th Meridian. As you will observe from the sketch on the memorandum immediately underneath from the Controller of the Land Patents Branch, portions of the adjoining East ½ of this quarter section have been disposed of for public purposes to the Village of Cayley. Mr. Shire holds homestead entry for the North-West ¼ of the section and he is anxious to purchase or to lease the West ½ of the North-East ¼ in connection with his farming operations. As the land applied for, as well as the South-East ¼ of the section and the portion now held by the Village of Cayley for agricultural purposes, does not appear to be now required for stock yards, for which they were originally reserved, I think it might be well to obtain a report from the inspector in order to ascertain whether they might properly be disposed of in the usual way. Under the circumstances, I have prepared a reply to that effect to Dr. Stanley and I have given instructions to have the matter well looked into by our inspector.

Respectfully submitted,

Honourable W. J. Roche,
Minister of the Interior,
Ottawa.

Sir

Referring to your letter dated Dec 26th last requesting a report on the 18¼ + subdivisions 10-15+16 of 24-17-29-W4th now held under reserve for stockyard purposes at Cayley I beg to inform you that I made the inspection on the 20th inst + from information gathered I am of the opinion that this land is still badly needed for the above purpose, there being at the present time more stock shipped from this point upon the south line of the C.P.R. the majority of the stockmen from the hilly district from Cayley on account of having a little more room to cut their stock.

This is all very good land for soil with no waste land + should be worth in the vicinity of $75 to $100 p. per acre if sold in a block but if subdivided + I am of the opinion would fetch more +

of N.E.¼ of 24-17-4-4. Alta.
Reserved for stock yard purposes.

In connection with the application of the Lethbridge Northern Irrigation District for the above mentioned lands, the Deputy Minister reported that these lands were not suitable for stock yard purposes, and he sent an Inspector to visit the lands and report upon the matter. The Inspector has reported that the lands are not suitable for stock yard purposes.

Early in 1914, Mr. C. H. Mitchell, M.P.P., of Elk River, Alberta, called on behalf of Mr. Brown, who is a farmer in the S.E. 10 and N.E. 20 of the above mentioned [illegible] lands.

The Inspector reported on the 20th January, 1914, that the land was suitable for stock yard purposes. The Inspector visited the land, between Nov. 10 and 15th, and he suggested that if parts of it were subdivided more freely it would be suitable.

In connection with the Deputy Minister's recent memorandum, the Inspector visited the land again last month and reported that he is of the opinion that the land should still be held for stock yard purposes; that there are a great many stock moving from that point, and that the stock men need this land to cut (cut out and keep apart) their respective stock.

The land was inspected last fall and our officer reported that he was of the opinion that the land should still be held for stock purposes; that a great deal of stock was shipped from that point and that the stock men needed this land to sort out and keep apart their respective herds.

Under the circumstances, the reservation has been continued.

Sir In view of the great need of food production especially wheat, under what terms or conditions would your Dept allow a part or all of the south east ¼ of section 24- township 17- Range 27 W 4th to be broken up and put in crop, as my land joins this ¼ I would buy it & farm it on shares, I have a steam outfit and am prepared to break it up this season and fence it also. it is good wheat land, I could put part of it in crop this year if desirable. it certainly is too good land to lie idle, the only use it is put to is pasturing the town cows and neighbors stock, I understand it has been held for the use of the Ranchers who drive in their cattle to ship but there are not many of them use it, besides there is most of the N.E.¼ which is better for grass and not so good for crop.

Dear Sir;

In connection with the Dreater Production Campaign carried on in this province, I may say there is a quarter section of land which I believe belongs to the Dominion Government, namely, the west quarter of section 34, township 17, range 2, west of the 4th meridian. I understand that this land has been held by the government for Grazing purposes, but I am informed that it is not used for that purpose any more, and that the Department of Agriculture is willing to dispose of same for farming.

Now I am sure the Government would be willing to either dispose of or lease this land for a period of years. There is a settlement living on Dalet who would farm this land and treat it all right. His name is A.E. Lewis of Calgary. Would you kindly write this party at once if you will so dispose of your land.

Your letter of *March* 15th May, 1918.

With reference to your memorandum of the 13th instant, relating to the S.½ of Section 24, Township 17, Range 29, west of the 5th Meridian, I beg to say that of the said half Section, Legal Subdivision 9 shown on the sketch, marked, outlined in blue, was leased in November, 1911, to the village of Cayley, Alberta, for a period of twenty-one years for recreation and agricultural purposes.

The village has also acquired three acres for cemetery purposes, and 1.22 acres and 1.47 acres have been patented respectively, to the Calgary and Edmonton, and the Canadian Pacific Railways.

The balance of the said half Section shown on the sketch, outlined in red, has been held under reservation for stock yard purposes at Cayley since 1896.

The following recent applications have been received for the land:-

Dr. G.L. Stanley, on behalf of Mr. Frank Miro, to purchase or lease the W.½ of the N.W.¼. This application was made in 1914, and upon a recommend Inspector's report being received, the reservation was continued.

Mr. J.G.McFarlane was advised from the Deputy Minister's Office in July last, that the said ...L was not available.

Mr. W.H. Scott again applied for the ...L. and on the 27th February last, was advised by the Deputy Minister's Office that a report was being obtained in the matter. The Deputy Minister requested that upon receipt of the report called for, the matter should be brought to his attention (his memorandum of the 27th of February last, file No.407812).

Mr. ...Merriner, Manager of the Bank of Hamilton at Bayley, on the 5th ultimo, applied for permission to lease or purchase fifty acres of the ...L on behalf of Mr. Wong ...ng.

On the 17th ultimo, Mr. David Halliday renewed his application to acquire the ...L.

held under reservation, and that a report has been called for.

The Agent of Dominion Lands on the 16th March last, instructed Mr. Homestead Inspector Tempany to furnish a full and comprehensive report as to the necessity of continuing the existing reservation of the I.R., for stock yard purposes. Dear Sirs,

In connection with the Greater Production Campaign launched by the Provincial Government, I may say that we are endeavouring to bring every possible acre of arable land under cultivation. We are getting in touch with owners of raw prairie, and asking them if they will not sell or lease their land on good terms.

I would like to point out in this connection that the Dominion Government own two quarter sections of land immediately adjacent to the town of Cayley, namely, the Southeast and the Northeast quarters of Sec 24-17-29 West of the 4th.

I understand that this land has been held by the Government for the purpose of facilitating the shipping of stock.

Owing to the fact that this portion of Alberta is now almost entirely devoted to grain growing, these lands are no longer necessary for the above mentioned purpose. I should like to know therefore, if you will not sell these lands, whether or not you will lease them for a period of years, in order that they will contribute to the much needed supply of wheat.

I should like to point out that I can immediately get the Department in touch with practicle farmers, who would only be too glad to purchase or lease these lands, and bring them immediately into

cultivation.

July 23rd, 1918.

Sir:-

Re S. E. ¼, 24--17--29, West 4th Meridian.

In reference to yours of the 6th instant, file No. 407812, asking to have an upset price set on the above land and also as to whether the land should be disposed of in small parcels or in one block, I beg to say that I took this matter up with the Agent of Dominion Lands, Calgary, and he informed me that it would be in the best interests to dispose of the land in one block. As regards price per acre I may say that farm lands in the vicinity of Cayley are selling at $25.00 and $30.00 per acre. As the land is close in to the village and should be worth more than land further away, but will never be required as village property, I would therefore, recommend that this land be disposed of in one block at an upset price of $35.00 per acre.

Yours respectfully,

Chief Inspector.

MEMORANDUM:

Mr. Hume,

Re...SW¼, 24-17-29, W4M.
Cancelled Stock
Watering Reserve

On the 27th of February last the Deputy Minister asked for a report showing whether it was necessary to continue the above mentioned land as a reservation.

The report asked for was received and it was decided to sell this land at auction after being properly advertised.

Before disposing of the land, Mr. Cuttle was to be requested to advise the Department whether it should be sold as one parcel or in separate blocks.

A communication has now been received from Mr. Cuttle stating that he has taken the matter up with the Agent of Dominion Lands at Calgary, and that it would be in the best interests to dispose of the land in one block. The price of farm land in the vicinity of Cayley is $25.00 and $30.00 per acre.

Mr. Cuttle also states that this land will never be required for village property, and as it is close to the village it should be worth more than land further away.

He recommends that it be sold at an upset price of $25.00 per acre.

THE DEPUTY MINISTER OF THE INTERIOR

9th August, 19[illegible].

Memorandum:-

The regular recurrence of crop failure in certain districts in Southern Alberta and Southern Saskatchewan serves to confirm the opinion which I expressed to the Minister at the time these lands were made available for homesteading in 1[illegible], that these particular lands are more suitable for cattle raising than for grain growing. I am convinced that it is not in the best interests of settlement that the Dominion Government should be compelled to provide seed grain from year to year in order to permit these people to eke out a bare existence on lands that are not suitable for grain growing when, as a matter of fact, their energies could profitably be utilized on more fertile lands elsewhere in Western Canada. Under these circumstances, I do not feel that we should dispose of any stock-watering reserves or stock-yard reserves in this particular territory, because they will be needed if the area becomes a cattle country again.

Respectfully submitted,

The Honourable A. L. Sifton,
Acting-Minister of the Interior.

Mr. Gibson.

When this case was submitted on the 8th August, attention was drawn to the fact that the land is within fifteen miles of a railway, being close to the town of Cayley.

Kindly refer to the Deputy Minister's memorandum of the 27th February last, marked by slip.

This land should be made available for soldiers unless it is considered advisable to adhere to the decision to sell at auction on account of the land being of more than ordinary value.

MEMORANDUM:

This file concerns the making available of a quarter section which has been in the Stock Yard Reserve for the town of Cayley, Alberta. It is specially valuable, being worth at least $35. per acre and probably more. The ordinary procedure is to sell such land by public auction on account of its value.

I see no reason why specially valuable lands coming out of reserves should not be made available for entry to returned soldiers, eligible under the provisions of the Soldier Settlement Act. I think the specially valuable lands should be restricted to such returned soldiers, and in certain cases, if found advisable, restricted to entry to a soldier notwithstanding that he might have right to both homestead and soldier grant.

The policy in disposing of specially valuable lands to returned soldiers will come up in connection with 50 or 60 quarter sections which may shortly come out of the Doukhobor Reserve, and be made available for returned soldiers. Some of these quarters will be worth $30. or $40. per acre. There are three methods of disposition:

1. Allowing the ordinary rush for entry;
2. Selling on settlement conditions by auction;
3. Entry by lottery.

In the case of returned soldiers, there is serious objection to sale by auction. There is also serious objection to rush for entries. Many of the applicants have some disability which, although not interfering with their fitness to farm, makes it impracticable to compete in a violent rush of returned soldiers, such as there would be in the case under consideration. Further, a number of applicants will be widows of soldiers killed in action. All rushes for our lands have had more or less objectionable features. In my opinion, an attempt should be made to formulate a system of registration and drawing by applicants. I see no very good reason why a system should not be worked out. It has been worked out successfully in the American Homestead Law in the case of opening of valuable reservations. To meet such cases as we have on hand at present, the system should be, perhaps, that the applicants waiting at the Land Office for the District on the morning of the opening, should be registered and a number given to each man registering during that day, or up to the hour fixed for the closing of the registration.

Only those should be registered who establish their right to enter and are accepted as qualified. A Committee should then be formed, composed of, say, the Dominion Lands Agent, and two other men nominated by a majority of the waiting applicants, who should be men of good standing in the town, and not applicants for entry. This Committee should then make numbers for each applicant and the numbers placed in the box, the numbers, when drawn, to be established as priority of the waiting applicants. In the case of the American Homestead Law, the drawing is done by a small child, blindfolded, of five or six years of age. A lottery syster of this character, in my opinion, would be quite workable and would evolve itself after being worked out on the ground in a few cases, Under the supervision of a competent official, such as the Inspector of Agencies.

As both rushes and sales by auction are objectionable in the case of returned soldiers, I think that it is most advisable to consider evolving a system of allotment of this character.

Acting Chairman.

Ottawa, 14th June, 1918.

MEMORANDUM.

Mr. Hume:

Legal Sub-divisions 14, 15 and 16 of Sec.24, Tp.17, Rge.29, W.4th M. Reserved for stock farm.

Mr. Frank Shier under date of the 1st instant has renewed his application to purchase or lease the land above described which is under reservation for stock yard purposes.

The East half of this section was reserved for the above purpose in July, 1912. Since the reservation was made a number of applications have been received to have the land thrown open for settlement or purchase. In each case it was decided to continue the reservation.

In November, 1913, Legal Sub-division 9 was leased to the Village of Stanley, Alberta, for a period of twenty-one years for recreation and agricultural purposes.

Mr. Frank Shier has secured patent for his homestead, the North West quarter of this section, and in December, 1913, Dr. G. D. Stanley, M.P.P., of High River, Alberta, made application on behalf of Mr. Shier to acquire the West half of the North East quarter of this section. (See Deputy Minister's memorandum of the 3rd December, 1913).

A Homestead Inspector's report was procured and after consideration of the same it was decided to continue the reservation. A further Homestead Inspector's report was asked for in the Deputy Minister's memorandum of the 21st June, 1917, and after consideration of the same it was again decided to continue the reservation of the land for stock yard purposes.

Application was made on the 20th March, 1917, by Mr. David Halliday to purchase the South East quarter of the section and in accordance with the Deputy Minister's instructions of the 27th February, 1918, the Agent was instructed to furnish a full and comprehensive report as to whether the reservation of the land should be continued.

In his report of April, 1918, Mr

-Homestead-

Homesteads Inspector Tempany stated that as Local Subdivisions 10, 15 and 16 of the North East quarter was still reserved for stock yard purposes, he would recommend that as the South East quarter adjoines the Village of Cayley, and estimated to be worth $75.00 per acre, that it should be disposed of in the usual way.

The matter was referred to Mr. Cuttle with regard to the disposal of the land, who recommended that the same should be disposed of in one block at an upset price of $35.00 per acre.

The case was submitted and it was decided to transfer the South East quarter of the section to the Soldier Settlement Board to be specially dealt with under the provisions of the Order-in-Council of the 24th October, 1918. (See Deputy Minister's memorandum of the 12th November, 1918).

N.E. ¼ In addition to 40 acres having been leased to the Village of Cayley, 3 acres of the North East quarter has been patented to the Cayley Cemetery Company, leaving approximately 117 acres under reservation for stock yard purposes.

Please say whether you desire any action taken with regard to Mr. Shier's application to purchase or lease, or if he is to be advised that the reservation of the land is to be continued.

I do not think the Board would do the best thing to sell. If it decided to hand over to the Soldiers' Settlement Board, I would suggest holding over until 1st November next and then canvassing for sale by auction.

I am to acknowledge your letter of the 9th instant wherein you express the desire to obtain entry for this land as a Soldier Grant. I may say in reply that for the present the land is not available for entry.

In connection with the revision of the homestead regulations a certain tract of land, defined as area "B" as shown on the accompanying index map has been withdrawn from settlement pending an examination of all available land therein with a view to a determination of what disposal should be made thereof. This will entail the inspection of all available land in area "B" and as the inspection will be commenced on the north boundary, proceeding southward, in the case of the land referred to it may be some time before a report thereon is received. However, the Agent of Dominion Lands at Encl. Calgary is being furnished with a copy of this letter and requested to note your name and address and to advise you as to what disposition may be made of the land, in order that you may have an opportunity of making application for entry with other possible applicants should the land be reported suitable for homesteading and eventually thrown open for settlement.

COMMISSIONER
MAR 7 1923
DOMINION LANDS

Mr. Hume.

Re L.S. 10, 15 and 16 of
(N.W.) Section 24-17-[illegible], [illegible] th [illegible],
adjoining Village of Bayley, Alberta.

Please see my memorandum of the [illegible] January last (with sketch) - marked.

The disposal of the land above mentioned is under consideration and in view of conflicting evidence as to local conditions it was decided to have an investigation by Mr. J. S. Martin of Calgary.

Mr. Martin has now reported.

The reservation of this land as a shelterbelt should be continued for the present in Mr. Martin's opinion. In 1919 over 11,000 head of cattle and horses were shipped from this point by ranchers living west of Bayley. There were also heavy shipments in 1921. The volume of business for 1921 was light. In 1922 over 1,000 head of cattle and 11 horses were shipped from Bayley. Business depression is attributed to the fall in prices and ranchers are reported as holding their stock for a rise. Pasturage for 1923 and hay are more hopeful.

Notwithstanding the foregoing figures, Mr. Martin is doubtful whether the reservation of the land in question is absolutely necessary in the interests of the stock industry but, on the other hand, stockmen have found it convenient to use the land owing to the fact that the approach to the siding is restricted to the road allowance between legal subdivision 9 on the east and the railroad, or to the provincial road along the south side of legal subdivision 9.

It appears that the surrounding land, including legal subdivision 9 (which has been leased to the Village of Bayley for recreation and agricultural purposes) is all under cultivation but farming interests will not be prejudiced by the reservation of legal subdivisions 10, 15 and 16, it is stated.

Under the circumstances I think it would be advisable to continue the reservation for another year, as suggested by Mr. Martin, when if it is found that the

stock industry in deriving no particular benefit therefrom, and might be withdrawn. If withdrawn, Mr. Smith suggests that it be made available for sale at public auction at an upset price of five cents per acre, or, as now voted by the Committee, transferred to the Board of Lands & Investment. Mr. Martin does not consider the present an opportune time to offer land for sale as real estate is not in demand.

2. The Village of Cayley is desirous of a portion of Lease Subdivision 12 as a residence extension and in this connection it is recommended by Mr. Martin that the Village be allowed to purchase about five acres at the minimum price. As I understand it this subdivision is situated immediately north of Local Improvement 2 which, as stated, has been leased to the Village. I think it would be preferable to a lease, as in the event of the Village [illegible] [illegible] [illegible]

Sir,

Re L.S. 10, 15 & 16, of
(N.E.¼) Section 24-17-29-W.4th M.

With further reference to your letter of the 7th November last in regard to your desire to obtain entry as a soldier grant for the portion above described of the North East quarter of Section 24, Township 17, Range 29, West 4th Meridian, I am directed to say that the matter of the disposal of this land has been the subject of an investigation by Mr. J. W. Martin of Calgary, Inspector of Dominion Land Agencies.

A report has been received from Mr. Martin in which he makes a recommendation that for the present the reservation should be continued in the interest of the live stock industry. With regard to your statement that the land is not being used for purposes of a stockyard, it is represented that stockmen have found it convenient to use the land owing to the fact that the approach to the railway siding at Cayley is restricted to the road allowance between legal subdivision 9 on the East and the railroad, or to the provincial road along the south side of legal subdivision 9.

Under the circumstances it is proposed to continue the reservation for another year in any case and I am therefore to inform you that the Department will be unable to further entertain in the meantime any applications to have the land made available for settlement under the homestead regulations.

I am to acknowledge your letter of the 24th February last reporting in reference to legal subdivisions 10, 15 and 16 of Section 24, Township 17, Range 29, West 4th Meridian, adjoining the village of Cayley, Alberta, and in reply to say it has been decided in view of your representations to continue the reservation of this land for stockyard purposes for another twelve months.

N.E.¼ Section 24 - 17 - 23-W.4th M.
adjoining Village of Cypress, Alberta.

Question - - - Is the existing reservation as a stock yard to be continued or is the land to be otherwise disposed of?

On the 4th February, last, Mr. J.W. Martin, Inspector of Indian Agencies, after looking into the matter very carefully suggested the continuation of the reservation for at least four years after which if it was found that the stock industry was practically of little benefit from the reservation the land might be let or the disposal of which Branch for any desirable disposition.

The matter was submitted and the Deputy Minister's approval on the recommendation that the reservation be continued as suggested by Mr. Martin.

Mr. Martin also suggested that if the reservation was discontinued and the land otherwise disposed of, it would be advisable to give the village of Dunley the privilege of purchasing only five acres of Legal Sub-division 15, for dumping purposes at the minimum Government price.

Full details of the matter are furnished in Mr. Rume's memorandum of the 14th March, 1924, marked.

Mr. Norman Stephenson who had applied for the land was informed of the decision arrived at. He now writes again renewing his application for the land. He claims to have purchased the adjoining quarter section from the Soldier Settlement Board and that which land is not sufficient for his purposes and wishes to secure this parcel.

Perhaps it would be advisable to have Mr. Martin go into the matter again and furnish a further report setting out whether in his opinion the present reservation may be discontinued and the land.....

I beg to refer you to the report you furnished on the 24th February, 1923, in regard to this land. After making an investigation you suggested the continuation of the reservation of this land as a stock yard for at least another year after which if it was found that the stock industry was receiving little benefit from the reservation the land might be put up for disposal by public auction or turned over to the School Lands Branch for any desirable disposition. Your suggestion was approved by the Department and the necessary advice was sent the Agent at Calgary.

Mr. Norman Stephenson, who had applied for the land, was also informed of the decision arrived at. He now writes the Department again renewing his application for the land. He claims he has purchased the adjoining quarter section from the Soldier Settlement Board but that such land is not sufficient for his purposes and he wants to secure this parcel.

Under the circumstances it is considered advisable to ask you to go into this matter again very fully and furnish a further report setting out whether, in your opinion, the present reservation might be discontinued and the land otherwise disposed of and, in the latter event, how it should be disposed of. You might also include in your report a statement of the present value of the land.

I might add for your information that in your last report you suggested that if the reservation was discontinued and the land otherwise disposed of, it would be advisable to give the village of Cayley the privilege of purchasing say five acres of L.S.L.16 at the minimum government price.

Referring further to the matter of the reservation of this land for stock purposes, I beg to state that I am of the opinion that this reservation should remain for the present.

The Stock Industry west of this point is quite extensive and this reservation is still important to several large ranchers who make Cayley their shipping station.

The present is not a desirable time to dispose of land in this locality, and the value of this parcel has not increased during the past twelve months.

In view of the fact that the land would not at present bring a price which, in my opinion, it should command if put up for sale, and the fact that Stockmen still desire it's reservation I am convinced that matters should rest as they are for at least another year, quite likely for a longer period.

I am in receipt of your letter of the 30th ultimo and in reply am to inform you the above described land is situated in area "B" not area "A" the north boundary of which is the south boundary of Township 16.

Legal Subdivision 9 of the said Section 24 is leased to the Village of Cayley for recreation and agricultural purposes and so long as the terms of the lease are complied with this parcel will not become available for settlement.

Three acres of Legal Subdivision 16 has been patented to the Cayley Cemetery Company (Inc.) and 1.23 acres of this Legal Subdivision has been patented to the Calgary and Edmonton Railway as right-of-way. The balance of Legal Subdivision 16 together with Legal Subdivisions 10 and 15 are reserved for stock yard purposes. The question of cancelling this reservation was considered as lately as June 1924 and it was decided to continue the reservation for the purpose indicated.

Dear Mr. Stephenson,

In the absence of the Minister, I am acknowledging your letter of the 30th ultimo asking if the North East quarter of Section 24, Township 17, Range 29, West of the 4th Meridian, may be made available for homesteading.

In reply I may say that according to Departmental records Legal Subdivision 9 is under lease to the Village of Cayley for recreational and agricultural purposes. The balance of the quarter-section is reserved for stock yard purposes. In view of your request, the Department is being asked to have an Inspector visit this land the next time he is in the vicinity and report whether or not this reservation should be continued. On receipt of the Inspector's report, you will be communicated with and advised as to whether or not anything can be done.

Yours very truly,

J. Norman Stephenson, Esq.,

MEMORANDUM:

Ottawa, 18th November, 1927.

Mr. Cory. Re - Legal Subdivisions 10, 15 and 16, Sec. 24, Tp. 17, Rge. 29, W.4.M.

Please see your memorandum of the 7th July last, on File #407812, herewith.

In accordance with your instructions, the Agent has submitted a Homestead Inspector's report in the matter, which is quoted in full in Mr. Hume's memorandum, hereunder, of the 17th instant.

It will be observed that Mr. Stephenson is pressing the Department to make this land available for settlement on the grounds that it is not required, nor is it being used for the purpose for which it was reserved. According to the terms of the recent Inspector's report, Mr. Stephenson's contention would appear to be without foundation. Moreover, by reason of its location, the land would appear to be of more than ordinary value and could scarcely be considered of a class which should be disposed of under homestead entry. However, it would not appear advisable at the present time to take any action with a view to disposal of the same.

Accordingly, I concur in the Inspector's recommendation that for the present the reservation be maintained.

Ottawa, [illegible]th September, 1918.

Memorandum. Mr. Perrin.

Re Legal Subdivisions 1, 2 and 15 of (N.E.¼) Section 28-17-20, W.4th M.

By memorandum of the 22nd November, 1917, the Deputy Minister called for a report by Mr. Albert Palmer as to the necessity for continuing the reservation of the land above mentioned for stock yard purposes, and Inspector Palmer has reported under date of the 1st August last.

The East half of S.E.¼, 160 Acres, was reserved on the order of the Minister, in April, 1908, as a stock yard or range for the benefit of stockmen bringing livestock to Cayley for shipment by railroad.

The S.E.¼ was withdrawn from the reserve in June 1911 with a view to its removal by sale at public auction, although this action was subsequently in favour of a transfer of the land to the Soldier Settlement Board under the Order in Council of the 20th October, 1919, which was made by the Board to Mr. J. Norman Stephenson of Cayley, Alberta, less right-of-way patented in favour of the Canadian Pacific Railway Company for a "Y."

With reference to the N.E.¼, an area of 5 acres of Legal Subdivision 2 was patented to the Cayley Cemetery Company for cemetery purposes, on the 17th May, 1910; and by Order in Council of the 11th August, 1911, P.C. No. 1887, Legal Subdivision 9 was leased to the Town of Cayley for a term of twenty-one years from the 22nd November, 1911, for recreation and agricultural purposes.

J. Norman Stephenson afterwards applied in June 1914 for permission to obtain entry for Legal Subdivisions 1, 15 and 16, as a soldier grant.

A full statement of the case was submitted by my memorandum of the 22nd January, 1915 (marked) and Mr. J. W. Martin, in his capacity as Inspector of Dominion Lands Agencies, was requested to investigate.

Mr. Martin expressed some doubt as to the absolute necessity for the reservation of this land in the interests of the livestock industry, but he was of the opinion that it would be advisable to maintain the reservation for at least another year - report marked.

In a subsequent report dated the 14th May, 1914, Mr. Martin recommended that the reservation for stock yard purposes be maintained for still another year, and this was approved.

In the meantime, Mr. Stephenson has continued to press his claims on the grounds that the land was necessary to his undertaking, and was not being used by the Stockmen, as reported to the Department.

.....Inspector.....

Inspector Tempany reported in letter 1167 that on investigation he found during the past year (1926-27) 264 cars of cattle were shipped out from this point without taking into consideration any cattle which were shipped into Cayley, and he stated that the people who had leased the land in town were of the opinion that the land was still required in the interests of the industry. The Inspector also interviewed Mr. Stephenson who informed him that he (Stephenson) had interviewed several ranchers in the district and that this land was not situated in the right place and was not suitable for shipping purposes any longer, and that he would not oppose the petition to that effect. Meantime, however, the Inspector recommended continuance of the reservation.

On receipt of this report the writer gave instructions for Inspector Walker to investigate the matter, to which attention had been made already.

Inspector Walker in his report of the 11th inst. last has enclosed himself as follows:-

"I am of the opinion that in view of the fact that most of the
"ranch cattle from the Hill District will later on be
"dipped and branded at the Corralling
"allowed by the above mentioned reserve will be unsuitable
"separation of different classes of ranch cattle will be
"injury to them, this reserve is unnecessary. The separation
"of different classes of ranch cattle

"informed that they will not handle their cattle at
"time with the same dispatch were this reserve
"It is sometimes necessary
"night. I am informed that cattle
"that, to date only, five
"since shipping from this point
"indication that this year
"from there.
"Therefore, I would recommend that the above mentioned reserve
"be not withdrawn."

Under the circumstances, it would appear that the reservation for stock yard purposes should be maintained for the present; and Mr. Stephenson advised accordingly.

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 10th September, 1918.

The Committee of the Privy Council have had before them a Report, dated 30th August, 1918, from the Minister of the Interior, representing that under the provisions of section 6 of the Soldier Settlement Act, Chapter 154 of the Revised Statutes of Canada, 1927, the Minister of the Interior was empowered, at the request of the Soldier Settlement Board of Canada, to reserve, or, with the approval of the Governor in Council, to transfer to the said Board, any Dominion Lands under his administration;

That by Order in Council of the 30th October, 1918, P.C. 2659, further provision was made in the case of particularly valuable Dominion Lands becoming available for the purpose, that such lands be set apart for soldier settlement, to remain specially reserved for disposition later, as may be deemed proper with the approval of the Governor in Council;

That in pursuance of the foregoing, certain parcels of land, described in the annexed schedule, have from time to time been placed under the administration of the said Board, and have been disposed of under regulations framed by the Board and approved by the Order in Council of the 12th March, 1926, P.C. 445; and

That application has now been made for the issue of title thereto in the name of the Board;

The Minister, therefore, recommends that title to the lands described in the schedule attached hereto, comprising an area of 25,550.83 acres, be transferred to the Soldier Settlement Board of Canada in the right of the Dominion, subject to the usual reservations with regard to mines, minerals, water rights and springs.

The Committee concur in the foregoing recommendation and submit the same for approval.

I own a ranch

sect 24 Town[illegible] and I lost 3 meridian
which has been reserved for water right.
on examination I find that there is no water
on it the spring being on the road allow-
ance. As it is the only available land
in the neighborhood, is it possible for me
to home stead it, as I was too young to
take up land before. The quarter sec-
tion is practically useless for grazing
purposes, being very hilly, but should
it is for summer pasture it would be
invaluable.

Owing to circumstances I am to stay

You will, no doubt, observe that Mr. Staunton is making application by substituting stock in lieu of breaking. MEMORANDUM:-

This application has not been recommended by the Agent because the house has been removed from the homestead, and also because the shelter for stock is on purchased land.

The applicant claims that he put in six months residence on the homestead in each year between 1900 and 1905, after which he removed the house. This should not interfere with the application being recommended. I see the Inspector's report dated September, 1904 gives residence from 1903 only, but even this would be sufficient.

Since November, 1905, the applicant has been living on a small piece of purchased land adjoining his homestead, containing apparently about six acres, and it is on this land that he has his accommodation for stock. The homesteader has not satisfied the Agent that he is the owner of this purchased land, but apparently this would not be necessary, because the Act simply says that the buildings must be on the homestead or on land occupied by the homesteader in the vicinity.

Approved

Do you not think the Agent might recommend so far as the above is concerned.
